Oscar Chapman Will Address Hort Meet

A speaking appearance by Oscar Chapman, secretary of interior, who will discuss co-ordination in resource conservation, will highlight the Oregon state horticultural society's sixty-sixth annual meeting November 29 and 30 at Oregon state college.

The announcement, made this week by Ward Sents, Medford, society president, included the information that the cabinet member's address will be given Thursday evening, Nov. 29 in the OSC coliseum. In co-operation with college officials, students and the public as well as members of the horticultural society are being invited.

President A. L. Strand of Oregon state college will also participate in the speaking program.

Word from Washington, D. C. indicates that the secretary will put particular stress on the necessity for interrelating all phases of conservation work. This is being carried on successfully in the department of interior's river basin field committee

IDANHA

Mr. and Mrs. Ted Gillespie were weekend visitors in the community. Ted and Alma were former merchants in Idanha and now live at Valley Junction.

All donations of clothing for the Canyon Aid can be left at the Davis Dry Goods store in Idanha. Also pieces of wool usable for quilts can be used, these quilts are to be made up by the Willing Workers club and sent to Korean refugees. Any materials usable for quilt linings or filling would be appreciated.

where prime consideration is given not only to today's problem but requirements of the future are under constant study.

Secretary Chapman is responsible for administering programs which have direct application on much of the state's land area, Spatz said. Included in the department of interior are the Bonneville power administration, the reclamation service, the bureau of land management, O and C lands, fish and wildlife service, Indian

affairs, the national park service, and others.

Announcement of Secretary Chapman's acceptance to appear at Oregon state college represents the culmination of 12 months effort by the officers of the state horticultural society to put new life in their organization. It is the oldest of the state's agricultural organizations.

Program details for the forthcoming meeting are being worked out by a committee headed by Paul Skinner, Medford. C. O. Rawlings, OSC extension horticulture specialist, is society secretary.
