ground. The best sliding place in this area is located on the Rush property and parties of high school boys and girls as well as adults, who like bob sledding gather there for the sport. The past week has been several groups there for the fun.

In Monday's Oregonian was a picture of Lt. Norman Carey, son of Mrs. Velma Carey, and a former Gates boy. The article, under a Corvallis date line, stated that Lt. Carey had been wounded for the second time, in action in Korea and was convalescing in northern Japan at the present time. That he expected to return to the mainland about January 22. Lt. Carey, a veteran of World War II, has been in Korea since August 1950.

L. H. Gregory, sports editor of the Oregonian, relates an incident, over which coach Slate Gill, Oregon State, was amused when Lt. Carey a basketball player of 1947-48 was a member of the O.S.C. team. The article states "Carey is from a small town not far from Mill City." In the 1948 season Carey asked for some basketball tickets with the explanation, "My entire home town will be here to see me play tonight, and I would like to

fix them up." "Great Scott, your entire town! That sounds like a big order," said Slat, "Er—how many tickets do you want?..." "Six would be about right, coach," said Carey apologetically. "We don't have to add he got the tickets."

(For Mr. Gregory's and Coach Gill's information, might we add that "the little town, not far from Mill City" has a population of more than four hundred, and that does not include many living on the Linn county side of the river where "Norm" was born and raised. We are quit a city.)
