MEMO To Mrs. Housewife NATIONAL PRESS BUILDING WASHINGTON, D. C. By Anne Goode

Well, Christmas is over. Nothing but the bills linger on — unless it's a few spots here and there on the table linen and on the living room table. Along about now a colorful new hat is good for the ego and if the budget can't see it — freshen up an old one with a pretty veil, a fresh feather or attractive flower.

Speaking of spots—holiday parties usually leave some depressing stains on your Sunday-best table linen. To take out coffee or tea, rub the spots with glycerine. Let stand a few minutes and wash. Fruit stains may be removed by pouring boiling water over the spot from a height of two feet. All fruit stains must be removed before washing the linen or soap may set the stain.

Children's sweaters don't have the hand-me-down look when with all-purpose dye they're converted into a bright, beautiful new color with a personal touch added. Simple embroidery down the front is a dainty finish for a young girl's sweater. A wool appliqued football is fine for a boy's.

Dry wet woollens in a warm room but not too near heat. That goes for wet leather shoes, too. When woollens are dry brush with a soft but firm-bristled clothes brush. When wet shoes are dry brush off dirt and give a thorough polishing with a good wax-liquid or paste polish.

To keep your bed pillows clean and fresh, use old pillow cases for protective coverings. And for "pretty dreams" sprinkle your favorite sachet powder in the cases. Slip the top pillow case on at opposite ends to the basic one.

WE ARE PLEASED TO SERVE YOU! We hope you are pleased with our service. **Mom's and Pop's CAFE** Mill City
