Mill City Ministers Form Organization

At a meeting held Monday morning in the Assembly of God church, the ministers of the five Protestant churches in Mill City organized themselves into the "Mill City Minister's Association," and elected the following officers: Rev. Noble Streeter, Presbyterian church, president; Hugh E. Jull, Christian church, vice president; Rev. W. D. Turnbull, Assembly of God church, secretary-treasurer.

Others present were Rev. Lee M. Joiner of the Community church, and Rev. C. O. Tremaine of the Free Methodist church.

Regular meeting dates were adopted for the first and third Mondays of each month from 9 to 10 a.m.

At this meeting plans were completed for the union services to be held each night next week, and also for an Easter Sunrise service.

Average Woodworker Injured Three Times

The average Woodworker who works 45 years at his job may expect to be injured seriously three times in his life, the research department of the IOW-CIO announced in the International Woodworker this week.

There is a man killed more often than once a week in Westland logging, IWA Research Director Virgil Burtz said, according to the accident rate figures.

There are some 1180 accidents a month in Oregon logging and some 14,000 men have a time-loss accident during his life, the research department at work at any one time in the state, he said.

The IWA is seeking rest periods, travel-time for loggers and power saw use restrictions from northwest employers on grounds this might help cut down the enormous accident toll. The logging industry is as dangerous as the mining industry, Burtz said, but not as noticeably so because men are killed individually and frequently rather than in large groups.

A recent University of Chicago study of 1160 firms showed 32 percent reporting a reduction in accidents as a result of 15-minute refreshment periods, he said.

WEST COAST HEMLOCK... PRE-LOGGERS

MILL CITY

Mr. and Mrs. Tommy Wood and family visited Mr. and Mrs. Charles McKenzie and family in Gleneden Beach, last weekend.

Mr. and Mrs. Jack Scott and Mr. and Mrs. Al Toman Jr. were Portland visitors Sunday, where they attended the 90th birthday celebration of Mrs. Victoria Tallman at the home of Mr. and Mrs. C. I. Landsverk, with whom Mrs. Tallman has been making her home for many years. Many of her friends called during the day celebrating the occasion. Mr. and Mrs. Wil-

son Stevens and Mrs. Viola Zander of Lyons were present for the occasion also.

Charles E. Rapp, U.S.N., stationed at San Francisco, spent the week in Mill City visiting at the home of Mr. and Mrs. Jack Sullivan. While in Mill City he attended the funeral of Jerry Swan last Saturday.

The E. C. (Joe) Vaughan family moved last week to the property they recently purchased just north of Lebanon.

Tuesday evening twelve members of the Santiam Lions Auxiliary met at the home of Mrs. D. B. Hill for their regular meeting. A gavel was pre-

sented to Pat Wingo, president of the Auxiliary, who will pass it on to the succeeding president to be elected in May. Aline Steffy was appointed chairman of the Girl Scout committee, succeeding Mrs. David Ferguson who has moved away. The April meeting will be held at the home of Mrs. Lee Ross.

The quarterly convention of the Santiam District Sunday School Union will be held Sunday, April 6, at the Mehana Union church, beginning with a fellowship dinner at noon.

SAVE FEED

Feed saving programs from the agricultural colleges stress the importance of getting rid of rats, cattle grubs, lice, worms and other insects and parasites that may sap an animal's vitality and interfere with efficient feed use.

Dr. Hess products can help to avoid feed waste from those causes. We especially recommend the following:

ANTURAT—really kills rats, the worst feed wasters. Effective in baits, or as a tracking poison when rats refuse frozen baits.

CATTLE GRUB KILLER—made according to revised U. S. D. A. formula. Beef cattle freed of grubs gain weight faster, cows give more milk.

POWDERED LOUSE KILLER—dust it on cattle, horses, sheep and goats for lice and ticks. Lousy cows, freed of lice, give 10% to 15% more milk.

DRYCID—a dry dip you can use for hog lice in winter without wetting hogs or bedding.

SIX—new and better roost paint for control of poultry lice. Comes in can with handy applicator spout.

Let us tell you about these and other Dr. Hess products for stretching your feed supply.
