REPUBLICANS - - -

Don't Send a "Chain Gang" to the National Convention!

Power-hungry politicians, seeking to control the Oregon delegation to the National Republican Convention, are throwing the full force of their machine into attacking the eight so-called "petition" delegates.

The fact is that these delegates filed under provisions of the law designed to protect the public under just such conditions as we have in the state of Oregon today.

PETITION METHOD PROTECTS THE PEOPLE

The Oregon Direct Primary law under which these eight delegates filed by petition, seeking election as free delegates, not under control of the state political machine was initiated BY THE PEOPLE and adopted in June, 1904 by an overwhelming vote.

In 1915, the state legislature amended the original law to provide an "additional method" for selecting delegates without in any way supplanting or disturbing the traditional and time-honored method of filing by petition.

In 1916 this amendment was carried to the State Supreme Court which ruled that the amendment "afforded another method (additional to the petition method) for candidates to get before the voters," leaving the original petition method unchanged and intact.

PROTECTS AGAINST MACHINE POLITICS

In 1939, the legislature passed a law taking from the people the privilege of naming their own delegates to the national conventions. The law was referred to the people who rejected it, choosing to leave both the petition method and the declaratory method on the statute books.

The petition method of filing is therefore a valid law for the specific purpose of protecting the public against machine politics such as we have in the state today.

IF YOU DON'T WANT THE REPUBLICAN PARTY IN OREGON DOMINATED BY A MACHINE — VOTE FOR THE PETITION DELEGATES!

The Oregon Primary this year is not representative because it does not give the voters a chance to vote on all the avowed candidates and lists several who claim not to be candidates. Don't tie the hands of the Oregon Delegation to the National Convention—ELECT the eight uncontrolled petition delegates.
