The director may qualify for service by living in the area or by having his principal business in the area.

The amendments were presented to the directors by J. C. Kimmell of Mill City, vice president. Acceptance was by unanimous vote of the directors present.

Filing of five suits for collection of delinquent amounts due to the Santiam Memorial hospital corporation was authorized by the hospital's board of directors Tuesday evening.

The committee on delinquent accounts reported excellent response to its recent appeals for payment of past-due accounts; but, since the corporation must keep funds coming in constant flow, the directors were unanimous in feeling that legal steps must be taken in some instances wherein requests for payment have been repeatedly ignored or refusal to pay has been made without justification.

The building committee, of which T. G. Freres is chairman, reported excellent progress is being made on the hospital construction job, with prospects good of completing it earlier than planned. This situation also pointed up an increased demand for prompt collection of pledges which are in the form of promissory notes.

Mrs. E. D. Cooke was the program chairman, and Mrs. H. E. Jull led the devotionals. Visitors were Mrs. Cleah Fink of Klickitat, Wash., and Mrs. Connie Stone of San Francisco. The next meeting will be held August 13 at the home of Mrs. Eathel Hill.
