Closes at 6 P.M.

Knowledge is Power

1. CAN A HANDICAPPED PERSON LIVE A FULL LIFE?
2. WHO IS THE WORLD'S WEALTHIEST NUN?
3. DO FISHERMEN FISH FOR FOOD?

(1) That depends on the individual. Frank Scully, noted writer, talks about handicapped persons in "Your Life" magazine. "Trading on a handicap," he advises, "feeling sorry for yourself, is a term deal. You can't trade on it forever. You can't make a career of it." When Scully was 38 he was "down to one lung, one leg, and one functioning ear," and he decided to settle down to work like other people. Since then he has authored a dozen books, hundreds of columns, married, bought a home and fathered five children.
(2) With an income of \$1,000 a day from a \$7.5 million trust fund set up by her father, Mother Mary Katharine Drexel, daughter of Francis Drexel, American millionaire, is generally regarded as the world's wealthiest nun.
Now 94 years old, she insisted on scrubbing floors in her convent when she was 80. She has

donated almost all of her income to her religious organization, the Sisters of the Blessed Sacrament for Indians and Colored People. Walter Monfried tells her story in the Milwaukee Journal.
(3) According to "Science Digest" an increasing number of the nation's 15 million anglers do not fish for food nowadays. Fishing has become a favorite way of relaxing, and is often prescribed as a treatment for tired, worry-cramped minds. As one conservationist puts it, fishing is a "dignified way of doing nothing," a supertonic for frayed nerves.

Widespread Interest In Better Libraries

The widespread interest in better library service for rural Linn county people leads to the question of what books they enjoy reading. A small proportion of them, from all parts of the county, borrow books by mail from the Oregon State Library in Salem, while those living in Albany rural routes borrow from the Albany city library. A look at the requests to these libraries indicates what some of them have been reading. First, they wanted practical books on how-to-do and how-to-make. They asked for books on how to remodel a kitchen, refinish furniture, build a cement block house, a ranch house, a garage; how to install plumbing; how to landscape ranch house grounds, train climbing roses, propagate azaleas and camellias; how to raise rabbits and build hutches, trap beaver, tan pelts, train dogs, make a saddle-rack; how to make vinegar from apple cider; how to start a commercial poultry business; how to raise broom corn and manufacture brooms. They asked for books on how to draw landscapes, paint textiles, use the brush in oil painting; how to cut and polish agates, make pottery, use a foot-power loom, weave Swedish patterns on a hand loom; how to make needlepoint, learn tailoring, make slip covers; how to play chess, learn ventriloquism, make a magic lantern. Families looking forward to eventual occasions requested material on engagement showers, wedding etiquette, celebrating a wedding anniversary, naming a baby, and in one case guide books on Mexico for a family planning a trip. Linn county readers are interested in the widest possible variety of subjects: Indians of the Willamette Valley, manganese deposits in Oregon, history of Sweet Home, Pennsylvania Dutch folk art and design, styles of dress in 1862, electrical engineering, space travel, history of the Jews before 70 A.D., lives of the saints, and many requests for books of poetry, religion, economics history, travel, biography and science. Realizing that libraries are also information bureaus, they asked such questions as "When was the Bandon

fire?" "When and where is the western Washington State Fair held this year?" "What price is quoted on peppermint oil?" and this one, "Why couldn't we stay out of the Korean conflict?" As club members, they asked for books of programs, plays, duties of a club president, a humorous initiation, decorating a hall for a club dance, and material for club papers on subjects ranging from pre-school children to flower arrangement and present day conditions in China and India. Then they requested specific books by title, and these range all the way from Aristotle to books just published. Linn county rural readers, it can be seen, are serious and intelligent people who turn to a library for books to help them with their problems and activities even more than for recreation.

CARD OF THANKS

We wish to express our sincere thanks to all who sent flowers and helped in our bereavement and loss of our loved one.
THE ROY GIBSON FAMILY.

OUR DEMOCRACY — by Mat
MONEY DOESN'T GROW ON TREES— BUT TREES GROW INTO MONEY

—NOT ONLY TREES, BUT CORN, CATTLE, APPLES, COTTON... AS YOU RIDE ACROSS THE COUNTRY YOU SEE WEALTH IN THE PROCESS OF CREATION ON EVERY HAND, AIDED AND ABSETTED BY THE LUMBERMAN, THE FARMER AND THE RANCHER.

IT'S THE WORK THAT THEY AND OTHER WORKERS DO THAT GIVES MONEY ITS REAL VALUE. WITHOUT IT, THERE WOULD BE NO LUMBER OR CORN OR BEEF OR OTHER THINGS TO BUY. WHAT THEY PRODUCE IS PART OF THE WEALTH OF AMERICA.

Boy Scout News

By TONY BOOTHBY
The Boy Scouts held their weekly meeting in the ball park to discuss their part in the softball tournament, Wednesday evening at 6:30. We were assigned our jobs, like parking cars, selling programs, keeping score. Then we held our patrol meetings and either went home or talked to Mr. Kelly about our jobs.

Mr. and Mrs. Hershie Thomas of Centralia, Wash., visited in Mill City Wednesday. He was a former resident of Mill City with his parents, the last time he was in Mill City was in 1933 and noted many changes.

"Was a nervous wreck from agonizing pain until I found Pazo!"
says Mrs. A. W., San Antonio, Texas
Speed amazing relief from masses of simple piles, with soothing Pazo! Acts to relieve pain, itching instantly—soothes inflamed tissues—lubricates dry, hardened parts—helps prevent cracking, soreness—reduce swelling. You get real comforting help. Don't suffer needless torture from simple piles. Get Pazo for fast, wonderful relief. Ask your doctor about it. Suppository form—also tubes with perforated pile pipe for easy application.
*Pazo Ointment and Suppositories®

Car-Saver Service
ADDS THOUSANDS OF MILES OF CARE-FREE DRIVING

Our Car-Saver Service starts with good lubrication—regularly. Not only the right lubricant in the right amount, in the right place, but a thorough inspection to catch trouble before it starts... a check for rattles and squeaks and a report on any mechanical attention needed. A complete record of service is kept here to assure car-saver service at proper intervals.

BATTERY SERVICE: 80% of all battery failures occur where a service call is required... our Car-Saver service protects you against this inconvenience and expense... it includes adding water... test of condition... an inspection and cleaning of terminals and cables—insurance of maximum battery capacity and life.

TIRE SERVICE: Let us tell you how our tire switching service can save you money through increased tire mileage. There is often more uneven wear on front tires than on the rear... rear tires wear evenly but at a faster rate... then, too, to be kept "alive," the spare tire should be run. But further, our service includes an inspection for glass, tacks, and nails embedded in the tires... a check for cuts and bruises.

RADIATOR SERVICE: Keeping the cooling system filled is just the start. You receive a check of the cooling system, water hoses and clamps.

These are but a few of the important car saving services you receive when you put your car in our hands.
