## Lind Florists Take Portland Orphans

By RUSS BROWN  
Mill City was treated to an assortment of CURVES, base-hits, and general all-around good ball playing Thursday night, as Erv Lind Florists defeated the Portland Orphans. Both teams are from the Portland area. It was a display of softball talent by girls such as has never been in Mill City before.

Lind Florists got off to a six-run lead in the first inning, and maintained an advantage the rest of the nine inning game. On their side of the ledger, Pat Carson hit 3 for 5, including a two-base hit; Caroline Fitzwater slugged out a home run, and Spady got a triple. For the Portland Orphans, Bev Wadsworth got a triple.

Doris Barrett showed why she is one of the foremost girl softball pitchers in the nation. She was very effective in allowing the Orphans but three hits for the entire nine innings. Thelma Parrish Carlson, being a particular favorite, looked very good out there on the mound, but she was up against some sluggers from Lind's.

Short score: R H E  
Lind Florists 10 13 0  
Portland Orphans 0 3 5

The Los Angeles Ebonettes, a girls' colored softball team, originally scheduled for the game experienced car trouble near Los Angeles and were unable to get here in time for the exhibition game, therefore the Orphans were belatedly recruited for the date.

## 'Hospitality' Reported In Oregon Newspaper

Something of the impact those of Mill City had upon softball guests recently can be gleaned from Ken Kerr's statements in the Enterprise-Courier of Oregon City.

The Oregon City publication reported that Kerr used the words "unbelievable hospitality" in describing his treatment at the hands of Mill City citizens.

Kerr indicated that the people went out of their way in giving the best of everything to the players and officials of the state softball tournament.

Further this Oregon City man said that Mill City people worked like he had never seen people work in all his life to make the stay of the visitors a pleasant and memorable one.

Kerr stated that every day the players and officials found the town had been literally turned over to them. The headline ran, "Kerr Reports Mill City OK; People Tops".

## Walking Race Starts At Fair Saturday

The Walking Man from Oregon, Paul Smith, and company will give the Oregon State Fair a boost with their much publicized 100-mile walk. Leo Spitzbart, manager of the fair, will act as official starter at the fair grounds, Saturday night, August 30, at 11:00 p.m.

Smith has offered a \$100 walking-man trophy to anyone who can beat him in the 100-mile walk from the State Fair grounds to Portland and return. Smith and his competitors will walk to the new state office building in Portland then start on their return trip.

Police will escort the walkers from the time they enter Portland until their leaving. The walking trophy is now on display in the window of the Portland Federal Savings, 5th and Stark SW., Portland.

The race is open until Friday for further challengers. Those interested may write Paul Smith, Mill City, Jack Barrett and Harry Roisum are at present the only avowed contenders for the \$100 trophy.

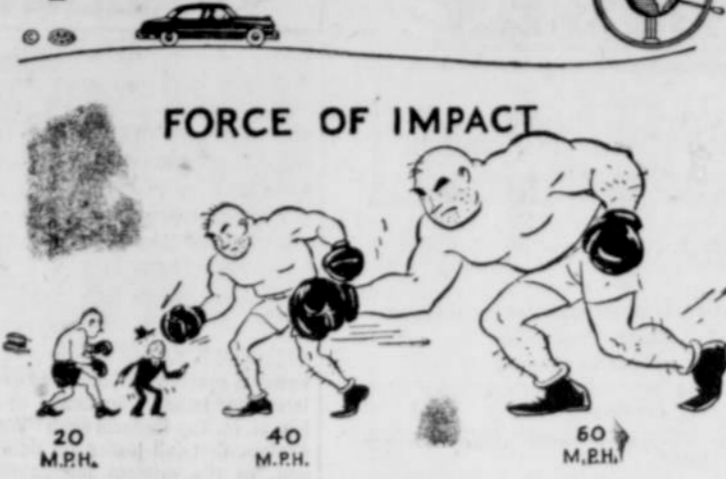

## Mill City High Will Register Sept. 4-5

Officials of Mill City high school are moving ahead with complete plans for handling the year's crop of students in an efficient manner. Publication of the classes offered, instructors, time of registration and incidental fee schedules will be put into operation next week.

The high school faculty is completed and will be: B. Burton Boroughs, boys' PE and health, coach, and commerce subjects; H. T. Caughey, principal and socio-econ.; Lorraine E. Caughey, girls PE and health, English, chorus, and Spanish; Henry Chaney, geography, history, and general mathematics; Wyman D. Hoeye, shop, mechanical drawing, algebra, and plane geometry; Arthur LeCours, English and science; Earl Loucks, band; Edith Mason, library, English, and home economics; Elvora Albright, clerical assistant.

The Mill City high school will have a registration for the 1952-1953 school year on September 4th and 5th between the hours of 9 a.m. and 12 noon each day. Freshmen and sophomores will be accepted September 4th, and juniors and seniors on September 5th. It is important that students present themselves at the times indicated. No exceptions can be made, and if the students are desirous of registering for the special limited-size class sub-

## Sportsmanlike DRIVING

FORCE OF IMPACT

20 M.P.H. 40 M.P.H. 60 M.P.H.

### WATCH YOUR SPEED

Speed makes collisions bad. The force with which you strike a solid object increases as the square of your speed.

In a collision, your car hits 4 times as hard if you double your speed, nine times as hard if you triple your speed, says the AAA driver training book, "Sportsmanlike Driving."

Let the punch of this little man on the left represent your car's striking force at 20 miles per hour. Double your speed to 40 miles, and the punch is that

of the big, middle man—4 times as damaging. Go 60 miles per hour, or 3 times as fast, and the punch is 9 times as great! Like that of the brutal giant on the right!

This is why your chances of being killed or injured, or of killing, injuring, or doing heavy damage, shoot way up when you push down on the accelerator pedal and speed up your car.

Watch speed! It gives you a giant's brutal power.

Seasoned vacation travelers have found it a wise precaution to tuck in a corner of the suitcase a few basic first-aid materials for emergency use when they are far from home and the family medicine cabinet. Prompt cleansing of a small hurt and a protective dressing to keep it clean may prevent a nick or scrape from turning into a serious wound via the infection route.

No one likes to wear a conspicuous or quickly-soiled dressing, but the new ready-to-use plastic dressings, with the gauze pad already affixed to the adhesive, take care of this. These flesh-colored rectangular strips, square patches and circular spots (they come in the same box) blend with flesh tints and fit like a second skin. The patches and spots seal all around.

It is easy to keep these plastic dressings clean. Their smooth surface sheds grime. They are waterproof, so they don't get loose or soggy when wet. That means you can wash them clean, without washing them off, when you wash your hands or bathe.

A large proportion of disabling injuries are the end result of the neglect of minor hurts. Infection is always lurking around the corner when the skin is broken. It doesn't pay to take chances with any hurt on the theory that "It can't happen to me."

Your Physician is no "MEDICINE MAN"

Don't expect your Physician to perform miracles. Remember, it takes more time and effort to climb uphill than to coast down! Your patience and full co-operation are essential to rapid recovery.

## Idanha Community Church Holds Summer Bible School

Idanha — The Idanha Community church conducted daily vacation Bible school this week under the leadership of Ann Hamm of Dallas. Miss Hamm has served as leader for several previous Bible school sessions.

Hours for the school were 9 to 1:30, with the closing program scheduled for Friday evening at 7:30.

The film "As We Forgive" was shown at the church last Sunday evening.

jects, it should be better if they presented themselves early. Regular classes will begin on September 8, 1952, the following Monday.

Students are requested to pay all necessary fees as soon as possible, for no exceptions can be made for those not paid. Fees include:

- Student body \$2.00 a semester
- PE towels 2.00 a semester
- Sports towels 1.00 a sport (Participants only)
- Locker key deposit .50c a year (25c rebate at end of year on return of key.)

These fees may be paid at registration. Entering freshmen should bring to registration their 8th grade report cards AND their diplomas.

The administration asks for co-operation for the rule which does not permit metallic toe and heel plates. This rule has been made necessary due to the considerable damage caused by the toe and heel plates in previous years.

What makes Olympia so popular?

Light Olympia, like the beers of Munich and Burton-on-Trent, is famous for quality... and largely for the same reason... "It's the Water."

Premium quality hops, grains and yeast are used.

Final touch of perfection is the skillful brewing gained through three generations of brewing experience.

# Car-Saver Service

ADDS THOUSANDS OF MILES OF CARE-FREE DRIVING

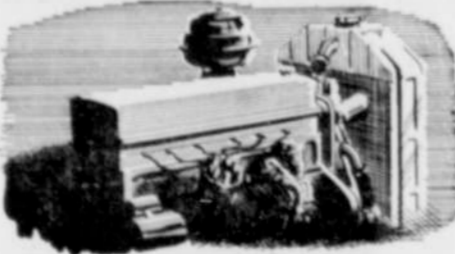

Our Car-Saver Service starts with good lubrication—regularly. Not only the right lubricant in the right amount, in the right place, but a thorough inspection to catch trouble before it starts... a check for rattles and squeaks and a report on any mechanical attention needed. A complete record of service is kept here to assure car-saver service at proper intervals.

**TIRE SERVICE:** Let us tell you how our tire switching service can save you money through increased tire mileage. There is often more uneven wear on front tires than on the rear... rear tires wear evenly but at a faster rate... then, too, to be kept "alive," the spare tire should be run. But further, our service includes an inspection for glass, tacks, and nails embedded in the tires... a check for cuts and bruises.

**BATTERY SERVICE:** 80% of all battery failures occur where a service call is required... our Car-Saver service protects you against this inconvenience and expense... it includes adding water... test of condition... an inspection and cleaning of terminals and cables—insurance of maximum battery capacity and life.

**RADIATOR SERVICE:** Keeping the cooling system filled is just the start. You receive a check of the cooling system, water hoses and clamps.

These are but a few of the important car saving services you receive when you put your car in our hands.
