In the afternoon the group drove to Marion Forks where they looked over the fish hatchery, also the Detroit dam.

43,000 OREGON citizens say:

Let's have a FAIR milk law

On November 4 the people of Oregon will vote on a measure that will give our state a fair milk law—fair to consumers and producers alike. It will replace the present milk control law which was written by special milk interests for their own benefit. Under present law it is unlawful to sell milk below prices fixed by the Milk Controller. The new law will eliminate all price fixing above the farm level.

The measure will appear on your ballot as "Milk Production and Marketing Act"—Number 332 YES. Here's what this fair milk law will do—

LOWER MILK PRICES FOR CONSUMERS

332 YES will permit lower retail prices to consumers. It will restore competition. Consumers will get the benefit of modern methods and economies in distributing milk. The new milk law will stop monopoly by repealing a law which has primarily benefited and protected certain middlemen.

RICHER, MORE HEALTHFUL MILK

332 YES will permit richer milk to be sold, thus assuring more healthful milk for children and better value for the money you spend for milk.

ASSURED FAIR PRICES TO DAIRY FARMERS

332 YES will assure the dairy farmer a minimum fair price which will be set after public hearings. This, in turn, will assure an adequate supply of milk. It will allow all dairymen who meet the standards for Grade A milk to sell such milk on the Grade A market.

With milk production and marketing on a sound basis (fair to all) the dairy farmer will not be in constant danger of losing his minimum price protection.

DON'T BE FOOLED

Neither the present Milk Control Law nor the proposed Milk Production and Marketing Act regulates sanitation or minimum quality standards. Separate state laws and city ordinances regulate and control the

cleanliness of milk and its minimum quality. These separate laws are enforced by city and state health officers.

THE FAIR MILK BILL WILL BE ON YOUR BALLOT IN NOVEMBER—VOTE YES 332

for a milk law that's fair to you

The FAIR MILK BILL, called the MILK PRODUCTION AND MARKETING ACT, was put on the November ballot through the efforts of the Affiliated Milk Committees of Oregon in association with your local Milk Committee. It represents the work of hundreds of volunteers, some from your own neighborhood, who circulated the petitions. Although only 26,900 signatures were required, over 43,000 citizens actually signed the petitions in 28 Oregon counties during a short six-week period. If approved in the coming election, the proposed MILK PRODUCTION AND MARKETING ACT will automatically replace the present Milk Control Law.
