—George Putnam.

Less of This

This week Marion county officially vacated two full streets and parts of two others in Niagara. For many this business of vacating streets is not important. People laugh and say, "Niagara streets? Why, that place on the North Santiam never developed." Yes, that is just the reason why the streets were vacated. The petition asking that these streets be vacated recited that thought. We have visited the planned site of Niagara. It offers a very pretty view of the surrounding countryside and it is close to the beautiful North Santiam river. We do not understand why so nice a bit of countryside as this did not develop.

Henceforth we wish that there will be no more townships in the North Santiam Canyon bedded away in history as never having been developed. In fact we hope that the little townsite of Niagara will spring to life and ring with ambition as it once did in its promising beginning. Even though the dam started near Niagara never was constructed, Detroit and Big Cliff dams nearly are. They are not far away. We think we shall see this canyon as the home of a growing and busy community within the span of our lifetime.

Facts--Not Opinions

Facts and more facts, that is what the people of the United States want today. After they have the facts, the people will make up their own minds. It is not the way of the people that they form their opinions after hearing only the opinions of others. Unless the candidates of our two great major political parties stick to the facts they will have done a great harm to this nation and its friends. It is the business of our leaders both in and out of control of our government that they should stick to the facts. Once they give the facts they can give their opinions. Newspaper week this week points up this truth. President Truman expressed his feelings on this matter of 'facts' recently.

President Truman said, "I hope the annual observance of National Newspaper Week, to be held from October first to October 8th, will re-emphasize to all Americans the importance of knowing the facts."

"That is the reason why our Constitution guarantees freedom to the Press. The newspapers which use their freedom to dig out and print the truth are vital to our democracy."

"This is an election year. Probably at no other time do citizens need more exact and truthful information. An intelligent voter wants facts, not supposition or superstition. This gives our newspapers an unsurpassed opportunity to serve their country by supplying accurate and unbiased information so that their readers can be prepared for the choices they must make in November."

38th Platitude

James Reston, a correspondent for the pro-Eisenhower New York Times, writes that reporters covering the Eisenhower train have "grown weary of General Eisenhower's pep talks." Reston says:

"Where are we now?" asked one of them at a whistle-stop in Missouri. "Crossing the thirty-eighth platitude," replied another, which about sums up the attitude of mind in the press car."

Special Announcement

We have added another pharmacy to "The Quisenberry Pharmacies, that operate as one" 130 S. Liberty St., Salem

The new pharmacy will be open until 11:00 o'clock at night on week days and from 12:00 noon until 2:00 P.M. and 6:00 until 9:00 in the evenings on all Sundays and all holidays.

There we will specialize in prescriptions and stock will be limited to medicines and sick room supplies.

Your prescriptions will be on file there as well as at the other locations and will be available, for your convenience, these longer hours.

The new location is 130 South Liberty Street, and the phone number is 4-3336. However, if you dial the Court Street number, 3-9123, and that store is closed, the call will be relayed.

We are pleased to be able to offer this kind of prescription service and to have it available these longer hours.

OUR DEMOCRACY — by Mat

WHEN WE TALK OF PEOPLE EARNING MONEY, WE SAY THEY MAKE IT. LITERALLY, OF COURSE, PEOPLE DON'T MAKE MONEY, BUT THEY PRODUCE THE GOODS AND SERVICES THAT GIVE MONEY ITS REAL VALUE. MONEY IS ONLY A MEDIUM OF EXCHANGE — WE USE IT TO BUY THE PRODUCTS OF OUR FARMS AND FACTORIES AND MINES. OUR LIVELIHOOD, THE PROSPERITY OF OUR NATION, ITS REAL WEALTH, DEPEND ON WHAT WE PRODUCE — FOR MONEY IS WORTH ONLY WHAT IT WILL BUY.

MONEY CAN MAKE MONEY TOO, WHEN IT IS INVESTED TO PROVIDE THE TOOLS OF PRODUCTION. AND THE MONEY THAT PEOPLE SET ASIDE IN LIFE INSURANCE AND SAVINGS, KEPT AT WORK IN THIS WAY, IS A DYNAMIC FORCE IN OUR DEMOCRACY.

SAVE FEED

Feed-saving programs from the agricultural colleges stress the importance of getting rid of rats, cattle grubs, lice, worms and other insects and parasites that may sap an animal's vitality and interfere with efficient feed use.

Dr. Hess products can help to avoid feed waste from those causes. We especially recommend the following:

**ANTURAT**—really kills rats, the worst feed wasters. Effective in baits, or as a tracking poison when rats refuse frozen baits.

**CATTLE GRUB KILLER**—made according to revised U. S. D. A. formula. Beef cattle freed of grubs gain weight faster, cows give more milk.

**POWDERED LOUSE KILLER**—dust it on cattle, horses, sheep and goats for lice and ticks. Lousy cows, freed of lice, give 10% to 15% more milk.

**DRYCID**—a dry dip you can use for hog lice in winter without wetting hogs or bedding.

**SIX**—new and better roost paint for control of poultry lice. Comes in can with handy applicator spout.

Let us tell you about these and other Dr. Hess products for stretching your feed supply.
