Hospital Auxiliary Plans Blood Bank

A number of matters of importance were brought up for discussion and settlement at the regular monthly meeting last Thursday of the Santiam Memorial hospital women's auxiliary in the Stayton city hall.

Plans were completed for the blood bank which will come to Stayton twice annually. The first visit is scheduled for November 26 from 3 to 8 p.m.

More than 200 donors must be secured to make the blood mobile trip worth while. Donors will be solicited in this and the Lyons' area.

It was planned that blood donors would be contacted principally through business offices and through organization. Mrs. Evelyn Pugh is acting chairman for the blood bank, and gave her report at the meeting. The Rainbow Girls in Stayton have volunteered their help at the canteen.

Members at the meeting established an honorary membership roll of the board of directors Auxiliary; making it possible for inactive members to attend meetings at anytime, however, Mrs. W. E. Weddle, president of the Auxiliary, explained that everyone is welcome at any of the meetings.

It was decided that a committee from the Auxiliary membership, other than board members, would be asked to serve lunch to the hospital board of directors when they meet at the hospital building on November 3.

After a general discussion concerning window blinds for the hospital, members recommended draw drapes rather than blinds. It was thought that most of the drapes would be donated by the various organizations in the communities. Some clubs already have asked about furnishing curtains for a room.

Welcomed to the auxiliary as new members were Mrs. Sylvia Hinricks and Mrs. Clayton Baltimore.

Members present were: Mrs. W. E. Weddle, Mrs. Earl Allen, Mrs. G. W. DeJarden, Mrs. T. G. Freres, Mrs. Kenneth Hanson, Mrs. Percy Hiatt, Mrs. George Huffman, Mrs. J. C. Kimmel, Mrs. Evelyn Pugh, Mrs. Sylvia Hinricks, Mrs. Clayton Baltimore, Mrs. Byron Shuck, Mrs. John Teters, and Mrs. Arlo Tuers.

The next meeting of the auxiliary will be held Thursday afternoon November 21 in the Stayton city hall.

I'm a mess!

No pep. I only lay a couple of eggs a week. I eat and eat, but I'm always ravenously hungry.

Sounds like worms to me, old girl. And that reminds me, it's high time the flock was getting that fall worming with Nicozine.

Nicozine contains nicotine and PTZ. Destroys large roundworms and cecal worms. Birds eat it with a little feed. For individual treatment, use Nicozine Tabs. Same as the regular Nicozine except in tablet form. Nicozine costs only 1c or less per bird.
