Knowledge is Power

1. DO AMERICANS APPRECIATE THEIR RIGHT TO VOTE?

2. WHY DIDN'T JOE LOUIS RETIRE UNBEATEN?

3. HOW CAN YOUR CHURCH RAISE MONEY?

(1) Apparently they do not. Take the 1948 presidential election, for instance. Just 51 per cent of the eligible U. S. voters actually voted. In 1944, 57 per cent voted; in 1940, 63 per cent. Apathy toward the right to vote seems to be getting more pronounced. Put these percentages alongside those in foreign countries during recent elections, and what do you find? In Canada, 75 per cent of the eligible voters voted; Sweden, 80 per cent; Israel, 72 per cent; England, 83 per cent; Japan, 70 per cent; and Italy, 80 per cent.

(2) Because he owed the government \$220,000 in back taxes on his boxing income. In 1949 he retired unbeaten, reports Alistair Cooke in his book, "One Man's America"; but he decided to go back into the ring to raise enough money to pay his back taxes. Finally Ezzard Charles and Rocky Marciano defeated him.

(3) The method used by a Baptist church in Lockport, N. Y., is described in the November Catholic Digest. "One Sunday, ushers . . . handed out 230 \$10 bills to the people. 'Put this money to work,' the minister said. 'Members used it to make baked goods for sale, to set up hot-dog stands at the county fair, and for dozens of other little enterprises. Seven months later, the \$2,300 had grown to \$14,100.'

Linn County Fair Board Will Meet January 10

The Linn county fair board will hold their annual meeting in the courthouse at Albany on January 10, it was announced today by L. E. Arnold, Lebanon, president.

The purpose of the meeting, says Arnold, is to adopt a budget for 1953 and elect new officers.

Other members of the board are R. A. Talbott, Albany, and Tim Kelly, Jefferson. County Extension Agent O. E. Mikesell serves as secretary.

1953 Chevrolet Promises Many New Features

A new Chevrolet that will create "entirely new conceptions of automotive beauty and performance" was promised today by Gene Teague, local Chevrolet dealer when the 1953 models are unveiled at the local show rooms on January 9th.

Teague made his statement following a meeting with company representatives in Portland, where 1953 plans were revealed to an enthusiastic audience of dealers from this area.

"When we were invited to attend, we were told that this would be one of Chevrolet's most important business conferences," he continued. "This was conclusively borne out by developments. Not only were we shown the most exciting product in my experience as a dealer, but the speakers made clear that the company, through its newspaper advertising and promotion, would give the model unprecedented backing."

Teague said the program should answer any doubts about the future of business.

"A company with the marketing knowledge of Chevrolet does not re-invest the tremendous capital required for a program of this nature unless it is firmly convinced of sound sales possibilities," he pointed out. "It is quite apparent from the product that the largest automobile company in the world is anticipating one of its biggest years in 1953."

Although the date for showing the new Chevrolet has not yet been announced, Teague is already making plans for a display of the car here.

He is confident that interest in the new model will draw record-breaking crowds to his showroom.
