

GATES

Work to complete the Gates fire hall was started this week. The building was started several months ago by the Rural Fire district and left uncompleted due to lack of funds.

An appeal was made to the city council. A deed to the property on which the building stands was secured from the owner, Mayor Floyd Volkel, by the city and the contract for the erection of one story of the building given to Ray Lord.

It is planned to enlarge the hall at a later date, when a recreation hall will be added.

W. R. Hutcheson, Gates realtor, reports the sale of acreage to George Humphreys of Mill City, formerly part of the property belonging to Miss Georgia Shane of Salem. The land is located on the Linn county side of the river, across from the high school.

The saw mill, which formerly was operated by Shields Remine and has been closed down for the past year and it is reported will resume operation in a short time. A crew of men has been working the past week to put the mill in running order. The name of the lessee was not obtainable.
