AFRICAN NEGROES ARE NOT BLACK

There are no black Negroes anywhere in the world. The darkest are only a deep shade of brown. When stood up beside a blackboard, the contrast is apparent. Many of the darkest African tribes decorate their faces and bodies with lamp-black, as it stands out against their brown skins. Many African tribes are called as Negroes are very light in color, some being as light as the Arabs. As one travels north or south from the equator, all the tribes become gradually lighter.

## Shuffleboarders Plan For Next Season

Upper North Santiam Canyon shuffleboard officials met in executive session at Cedars Tavern last Monday and laid out the rules for the coming shuffleboard season.

The Upper North Santiam Canyon shuffleboard league will consist of Spillway tavern at Idanha, Lakes club at Detroit; Cedars tavern, Detroit; Jerry's tavern, Gates; Davis' tavern and Meander Inn at Mill City for the 1953-1954 season.

Each team will have same sized pucks, with raised colored tops.

At the end of each round the board will be wiped and waxed. At the end of any individual game the losing side can request a cleaning and waxing of the board. Teams will use any standard type wax, no glide.

Table slab height will be not lower than 30 inches and not higher than 31 inches.

Player limit will be 16 players. All taverns must post their players names at the start of the season. If they don't have 16 players they can sign up new players at anytime up to 16. After they have built up to 16 players, they must drop down below 12 to add, and then only build up to 12.

League starts 1st of December and skips two weeks during Christmas and New Years holidays. Staggered schedule as much as possible. League will use total points system.

In case of a tie, the players at the board will play one more frame, up and back to decide the winners.

A trophy will be purchased by the six league members (tavern owners). The trophy will remain in winners possession each year when won. The winners will engrave it properly. Any tavern winning the trophy three years in a row will have permanent possession. Any changes in the league will be regulated by all members of the league (tavern owners).
