

Rodent Control Told At Lyons Meeting

Destructive rodents can be controlled through the use of poisons and by trapping. Willard Nelson, assistant district agent with the U. S. Fish and Wildlife Service, told more than 80 persons attending demonstrations at Lyons and Lebanon on April 24.

For moles, Nelson recommended thalium sulphate as a poison and the out-of-sight trap. Thalium sulphate must be handled with extreme caution as it can be absorbed through the skin.

Nelson said that gophers can be easily controlled by poisoning. The material is alkaloid strychnine on clover leaves, or vegetables such as carrots or parsnips. The Macabee is one of the good gopher traps.

Ground squirrels are controlled almost entirely with poisoned barley. Nelson said that several dealers throughout the county are now handling the material which sells at slightly more than cost.

Wheat treated with zinc phosphide is the best field mouse bait according to Nelson. It only takes four kernels of fresh bait to kill a mouse. Some dealers are now handling this bait which is prepared by the U. S. Fish and Wildlife Service.

Warfarin is one of the good rat poisons. Warfarin treated bait can be purchased, Nelson said, or the Warfarin concentrate can be purchased and mixed with other material. This is one of the safest baits that can be used, Nelson pointed out.

County Extension Agent O. E. Mikesell says the complete details on rodent control are given in Extension Bulletin 629. Copies are available at county extension offices.

Bill Mikkelsen Admitted To U. of O. Medics

Oregon Medical School, Portland—William J. Mikkelsen, son of Mr. and Mrs. O. M. Mikkelsen, formerly of Mill City, has been admitted to the 1953 freshman class at the University of Oregon Medical School, according to an announcement issued by the admissions board this week.

Mikkelsen, who will begin the four-year course in September, is now finishing premedical studies at University of Oregon.

Seaman Robert L. Lee Reports for Sea Duty

San Diego, Calif.—Robert L. Lee, seaman, USN, son of James A. Lee of Mill City, recently reported aboard the USS Mount McKinley for duty.

The amphibious force flagship returned here after an eleven month tour of duty in the Far East.

While overseas, the flagship visited the major ports of Japan and Korea, staging numerous training exercises and several operations. Among these were "Operation Coralhead" at Buckner Bay, Okinawa and the "mock invasion" of North Korea called the Wonsou Point.

The Mount McKinley, commanded by Capt. James T. Hardin, USN, is

SIGN OF GOOD SERVICE

When you buy a McCulloch chain saw from us, you get more than a good buy. You get assurance of factory authorized service and genuine McCulloch parts to keep your saw in tip-top condition.

See us whenever your saw needs servicing. We sell saws too. If you don't already own one of the fast-cutting, light-weight McCulloch chain saws, maybe it's time to pay us a visit. See for yourself how these low-priced modern saws take care of timber of any size.

MILL CITY

Mill City eighth grade class held a cake sale in the school Tuesday of this week to benefit their class treasury. There are more than 30 boys and girls to graduate this spring.

The Mill City Christian church will join with other Christian churches of the northwest in observing Northwest Christian College Day this Sunday, May 3. Jim Piper, a junior minister,

the flagship of Rear Admiral Frederic S. Withington, USN, commander Amphibious group 3.

rial student from the college, will preach at the 10:55 morning worship service. A special offering toward the support of the college will be received.

The Mill City Camp Fire Girls held a father and daughter banquet Friday evening, April 24, in the high school recreation rooms. Parents and all officials of the Camp Fire organization are invited.

The grade school softball game that was to have been played Tuesday afternoon with Mari-Linn grade school was called off on account of rainy weather.

The Woman's council of the Christian church met last Wednesday with Mrs. E. K. Fish. Mrs. Maggie Shaw,

the president, was in charge of the meeting. Plans were made for a cooked food sale and luncheon, Friday, May 15.

RALEIGH HAROLD, Florist, open Sundays and evenings, flowers telegraphed anywhere. Funeral sprays, planters, pot plants, corsages, weddings, also shrubs and landscaping. 319 W. Washington, Stayton. Phone 3684.

Mrs. Art Roda was taken to the Santiam Memorial hospital last Saturday evening, suffering with a severe nose bleed. She was released and came home Monday.

Dr. Mark Hammericksen and family will vacation in the east until the latter part of May. Dr. Hammerick-

sen will not be in his Stayton office until May 28, according to his announcement today. The Hammericksens will pick up a new car at the factory.

There were 20 Lions club members present at the weekly meeting Monday night held in the Presbyterian church recreation rooms. Vernon Todd presided and pictures were shown following the business session.

Stayton Garden Club ANNUAL PLANT SALE, Saturday, May 16—dish gardens, glad bulbs, tuberous begonias, petunias, various plants and shrubs. On sidewalk in front of Frey's Grocery, Stayton. 18-2

Mrs. John Brewer of Long Beach, Calif., is spending several weeks in

Mill City visiting at the home of her daughter and family, Mr. and Mrs. Gordon Kay and other relatives. John Anderson who was in the Santiam Memorial hospital in Stayton two weeks is home now.

Specially Shrimp

Shrimp, that tasty crustacean, nationally enjoyed as America's favorite first course, also rates high as a main dish food. Pink and pretty, shrimp adds color and excellent food value to any menu which it graces. Curried shrimp, seafood medley, shrimp souffle, and probably the most popular—French fried shrimp, all help to take the monotony out of Lenten meals. Fresh or canned shrimp may be used, and for extra good color—crumbs made from corn flakes. For 6 servings, allow 3 cups canned shrimp, two 12-ounce packages of frozen shrimp or 2 pounds of fresh shrimp.

French Fried Shrimp
4 cups Corn Flakes
3 cups cleaned jumbo shrimp
2 eggs, slightly beaten

Crush Corn Flakes into fine crumbs. Dip shrimp in egg then in Corn Flakes crumbs. Fry in deep fat (375 F.) until golden brown or brown in small amount of fat; drain on absorbent paper. Serve with chili sauce or tartar sauce.

North Santiam River has plenty of these beauties. The true fisherman is not discouraged should one of these escape his lure. Instead he tries again with greater zeal. He knows that the reward is great once his line is made taut because of one of many such. The easy grace of the big fellows in navigating rapids is shown by this one at Niagara. MOBILGAS ECONOMY RUN FLASH!

FORD ECONOMY WINS AGAIN!

Economy Winner
4 Years in a Row!

MILEAGE MAKER "6" WINS SWEEPSTAKES!

Scoring a blazing victory for Ford's dollar-saving gas economy! Ford's high-compression Mileage Maker "6" with Overdrive beat every car entered in this year's Mobilgas Economy Run, regardless of size or weight, to sweep the sweepstakes! Ford's winning average was 56.70 ton-miles per gallon.* And Ford's high-compression 110-h.p. Strato-Star V-8 with Overdrive was right up there in economy, too, with a record of 48.55 ton-miles per gallon!

The winning Ford was a regular production car, just like thousands of other '53 Fords you see on the road today. This 1,206-mile trip from Los Angeles to Sun Valley covered all types of driving conditions. The route threaded through city traffic, where stop-and-go driving tests an engine's fuel economy under the toughest conditions... and out along the highways of four western states.

The Ford Mileage Maker "6" took all this in stride, maintaining a speed above the required 44.25 m.p.h. minimum, to finish 1st in the sweepstakes! What better proof is there that Ford is the thriftiest car of all? What better way to show why Ford is worth more when you buy it... worth more when you sell it!

See...Value Check...Test Drive
the WINNER

OFFICIAL PROOF!	FORD 101-H.P. MILEAGE MAKER "6" WITH OVERDRIVE	56.70 TON-MILES PER GALLON*
Ford is the first car in its weight class... in the history of this nationally recognized economy test... to win top honors in ton-miles per gallon regardless of size and weight. This is a tribute to Ford's modern engineering... dollar-saving gas economy.		
*The AAA Contest Board determines the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles traveled, divided by number of gallons of gasoline consumed.
