Let Us Do Your Printing

From where I sit ... by Joe Marsh
Bad Case of the "Ztutters"

Our copyboy is out sick. So the editor (me) is taking over some of his chores—which include running the addressing machine on "mailing-out night."

Last week I didn't have the usual number of papers left over for sale at the office. Couldn't figure what had happened—until Chub Zimmer called to ask why he'd gotten 56 copies.

Then I realized—"Zimmer" is the last name the machine prints. Guess I forgot to turn it off ... and it just kept grinding out Chub's name on all the remain-

ing copies. That machine just didn't know when to stop.

From where I sit, people are like that sometimes. They often don't know when to stop. Like those who are prejudiced against someone with an accent, perhaps ... or against someone who likes a cool bottle of beer with his supper. So, in these columns I try to persuade everyone to "throw the switch" on prejudice so it won't get repeated.

An attendance of approximately 300 were on hand to celebrate Detroit's first birthday carnival held recently. Though it was pouring down rain it did not dampen the spirit of those attending. The auditorium was beautifully decorated with fir tree boughs, centered with gaily colored balloons giving the effect of a true carnival. Bingo and 21 was the main attraction of the evening and many beautiful prizes were awarded on those games. There was a fish pond for the kiddies. Candy, popcorn, a cake walk, a jittney dance and hot-dogs galore. Everybody had fun.

A beautiful three-tiered birthday cake sheathed in snow-white frosting and adorned with a single candle, held a prominent place in the setting. The cake was baked by Muirs Bakery

BORN TINKERERS

IN THIS AGE OF SPECIALIZATION, AMERICANS STILL LIKE TO ROLL UP THEIR SLEEVES AND TRY THEIR HANDS AROUND THE HOUSE. IT DOESN'T REALLY MATTER MUCH WHAT IT IS — IF IT NEEDS FIXING, THEY'LL TRY.

THIS IDEA OF TINKERING HAS HELPED MAKE US WHAT WE ARE. IT BUILDS QUALITIES OF INGENUITY AND ADAPTABILITY AND SELF-RELIANCE. IT CAN DEVELOP SPECIAL APTITUDES, OCCASIONALLY STIMULATES INVENTIVE GENIUS — SOME OF AMERICA'S GREATEST INVENTORS HAVE BEEN "BORN TINKERERS."

of Mill City. Special feature of the evening was the drawing for the Norge Automatic washing machine on display in the auditorium. Little Christina Nyberg, daughter of Mr. and Mrs. Eric Nyberg of Idanha, was chosen to draw a number from the large bowl containing the stubs of tickets sold. Number 213 was the lucky stub drawn, awarding W. Hudson of Gates, the washing machine. Don Ketchum won a lovely planter vase as the door prize. After all prizes were awarded Mayor Nolan Rasnick and Mrs. Robert Manning, general chairman, gave brief talks thanking the committees and their helpers who participated in the carnival, and the community for their support. Final ceremony of the evening was the cutting of the birthday cake by Mayor Rasnick. The candle was removed and the mayor's request to keep it as a souvenir, was granted.

Mrs. Manning, general chairman, extends her special thanks to Mrs. Harry Rutherford for her wholehearted co-operation, and to the following for their helpful services: Mrs. Carrie Bullard, Mrs. Zeta Schaller, Mrs. Helen Bryant, Mrs. Harold Champion, Mr. and Mrs. Otis White, John Cook, Harry Rutherford, Sam Weiser of Mehama, Adam Heinaman of Mongold, and Robert Manning. Mrs. Audrey Layman, donation of all the potato salad and high score ticket selling, and the teenagers who helped.

The gross intake at the carnival totaled \$735, netting approximately \$400.00 which will be added to the combined community fire hall building fund.
