**The only convertible that outsells Ford!**

WHAT IS IT that makes Ford's Sunliner America's best seller? Is it its high-compression V-8 power? (No other convertible in Ford's field has this kind of engine.) Is it the fine craftsmanship of its Crestmark Body? (No body in its field can match Ford's choice of exterior and interior color combinations.) Is it its new spring and shock absorber action which makes even roughest roads feel smooth? (The Sunliner's springs are tailored to its weight.) Is it the choice of Fordomatic Overdrive or Conventional you get? (You won't find such a choice in any other car in Ford's field.)

No, it's not just any one of these things that make Ford America's largest-selling convertible. It's all 41 of Ford's "Worth More" features... features which folks know make Ford worth more when they buy it, worth more when they sell it.

F.O.A.P. Test Drive America's No. 1 Convertible! Ford Sunliner!
