do it with thy might

FAITH gives healing a great impetus. The will to live has carried many past the valley of the shadow. The writer of Ecclesiastes says, "Whatever thy hand findeth to do, do it with thy might."

The man who puts his heart into both work and play gives his life purpose and direction. When illness comes, he is ready to fight it with a disciplined will. Add to this the skill of a competent physician and the combination is hard to beat. We are prescription specialists.
