a hitching post or a signpost

BIRTHDAYS, anniversaries, graduations, a new job—all are occasions for rejoicing as well as for reflection and new resolve. Whether or not a list of resolutions is made, the accomplishments of the past can be either a hitching post or a signpost to a brighter future. Careful self-appraisal is often as revealing as a stock inventory. But no matter what the goal, the ability to reach it depends on health. Your physician stands ready to take your physical inventory at any time. Why not seek his advice now? His suggestions can be relied upon for a sound health program.

Registered pharmacists are on duty at all times to fill your prescriptions.

It stands to reason...

Chevrolet trucks must be the best buy!

Big truck users, small truck users, all truck users buy more Chevrolet trucks than any other make. It stands to reason Chevrolet trucks must offer more of what you want.

When you stop to think about it, the best proof of outstanding value in any product is continued public preference. That's the way it is with Chevrolet trucks. They're the top selling trucks in America today... for the twelfth straight production year.

This is a mighty important fact to consider before you buy your next truck. You'll also want to consider that, while Chevrolet trucks give you more features you want, it's the lowest-priced truck line of all! Come in and talk it over with us.

From where I sit... by Joe Marsh

An Honest Night's Sleep

Slim Johnson, just back from a business trip, tells about a hotel he stayed at one night.

"I hit town late and went right to the hotel. There was no clerk at the desk, but there was a sign that said: 'Gone to bed. Rooms \$3. Take a key. Pay when you leave. Sleep Well.'"

"Upstairs, the room was real clean, the bed comfortable, and I slept like a log. Came down in the morning—still no clerk. So I left three dollars at the desk and went on. Can you imagine folks that trustful?"

From where I sit, running a hotel on the honor system shows a real trust in people. And people always appreciate being trusted. Letting your neighbor follow his personal preference is a kind of trust too—trusting in his good judgment. I like a temperate glass of beer occasionally, you may prefer buttermilk, but let's hope neither of us "registers" a complaint against the other.
