*the comfort of self-delusion*

THE BEST ADVICE is often more than we can bear. It takes courage to face the impact of truth, and firm resolution to form new habits to fit the facts.

Your doctor is sometimes confronted with the stern necessity of advising restrictions in your usual routine. Your favorite dessert or that comforting cigar may be denied you. There is a strong temptation to treat such advice lightly, to feel you know your needs better than your doctor.

Such self-delusion may be comforting, but it defeats the very ends you seek. Carefully follow your doctor's advice.

Your prescriptions have prompt, expert attention at our store.
