Mr. and Mrs. Merrill Brassfield and son Bob, and Kenneth Bosanko, attended a family gathering and dinner of the Brassfields held at the Breitenbush hot springs, Sunday. Mr. and Mrs. Glen Julian spent Sunday and Monday at Camp Magruder on the coast. Their son, Glen Jr., and Michael Cruson, who had spent the week at the camp, returned home with them. Mr. and Mrs. Howard Bennett from Butte, Montana, are visiting at the home of Mr. and Mrs. Charles Cruson. They expect to stay until the first of September. Mrs. Ivan Smith and her mother, Mrs. E. S. Barker, went to Forrest Grove, Thursday, where they visited Mr. Smith's mother, who has been in the hospital there for some time, suffering with a heart condition. They were very happy to learn that her condition is much improved. Mr. and Mrs. Nick Gustafson and son Jerry, were Sunday guests at the

HAVE YOU SEEN A BOY SCOUT DUFFLE BAG SOMEWHERE?
 An eleven-year-old Boy Scout met with tough luck on his first summer camp, when upon arrival at the Breitenbush Forest Camp, his duffle bag was missing from the trailer. The scout is Robert Jones, Troop 593, Glencullen. The bag contained a Bible with name and Glencullen Baptist church inscribed on it. The clothing lost represents quite a financial loss as well as the inconvenience of spending ten days at camp and no change of clothing. If anyone who reads this, has any information regarding the lost duffle bag, kindly contact Mrs. Russell Jones, 5303 S W 50th, Portland, or call Portland Beacon 8270. The route taken to camp was via Wilsonville Ferry, Salem, Stayton and Mill City, on August 8th.

is medicine destroying itself?

THINGS DRAMATIC capture the imagination, sometimes to the point of distorting the perspective. This is as true in medicine as in other fields. The sensational results with sulfa drugs and penicillin are examples. Less dramatic, but responsible for saving uncounted lives, are the broader public health measures. Sewage disposal, swamp clearance, and water, milk, and food inspection are but a few of these triumphs. The physician and the pharmacist have always been leaders in the field of preventive medicine. This fact led James Brice to observe, "Medicine is the only profession that labors incessantly to destroy the reason for its own existence." The fight, however, is far from won. Diagnosis and treatment of disease are still the primary functions of the physician. The filling of prescriptions is our responsibility as pharmacists.
