Election of officers was the main business of the afternoon when Edgar Waters was elected president to replace Dell Selles, out-going president, and Anna Stout, vice-president, to replace Ben Bodeker. Lulu Beringer was re-elected secretary and Luther Stout re-elected treasurer. It was voted to meet again the fourth Sunday in August, 1954.

A beautiful memorial service was presented by Mr. and Mrs. Fred Duffy of Mill City, in memory of those who have departed for the Great Beyond since the picnic last year. Ray Stout gave a very interesting talk of his stay and work while in Greece.

Those coming the longest distance to attend the picnic were the Selles brothers, Frank and Dell, from Seattle, Washington.

Look what your FORD dollar buys!

Check the features below against any car in the low-price field and you'll see why Ford's worth more when you buy it...worth more when you sell it.

V-8 POWER is yours in Ford—but not in other low-priced cars. It's the product of Ford's experience in building over 13,000,000 V-8's! Ford's high-compression, low-friction Mileage Maker Six with Overdrive, is the Economy Sweepstakes winner.

ROAD-LEVELING RIDE reduces front end road shock alone up to 80%. Wide front tread, diagonally-mounted shock absorbers take tilt out of turns. You'll discover in the '53 Ford that a car need not be excessively heavy to ride smooth as silk.

FULL-CIRCLE VISIBILITY is yours in Ford. With huge, curved, one-piece windshield, car-wide rear window and "picture windows" all-around, Ford has more "look out" area than any car in the low-price field. I-REST tinted glass also available.

ROOMY TRUNK is one suitcase bigger . . . bigger than any other luggage compartment in Ford's field . . . bigger than you'll find in many of the expensive cars. With Ford's Center-Fill Fueling, there's no long gas-fill pipe to eat up your trunk space.

SUSPENDED PEDALS make braking and clutching easier . . . allow more clear floor space . . . eliminate dusty, drafty floor holes. This feature, exclusive to Ford in its field, permits dash-mounting of brake master cylinder for easy accessibility.

FOAM-RUBBER CUSHIONS over non-sag springs in Ford's sofa-wide seats make even long trips a treat. And you'll find that only Ford in the low-price field offers this fine-car feature as standard equipment on both front and rear seats in all models.

FORDOMATIC DRIVE—an optional extra—is really two automatic drives in one. It has a fluid torque converter for smooth, steady power flow. It has automatic gears for greater "get-up-and-go." Ford also offers you Overdrive and Conventional Drive.

MASTER-GUIDE POWER STEERING—an optional extra on V-8 models—gives you the natural "feel" of steering on the straight-away yet takes the work out of turning. Absorbs road shocks before they reach the steering wheel—adds to safety.
