

## Some Change in Game Laws

Following are some of the rules and regulations passed by the Oregon Game Commission earlier this season and should prove of interest to hunters in the Canyon area.

The buck deer season will extend from October 3 to October 16, inclusive, followed by a hunter's choice season from October 17 through October 20. The bull elk season will extend from October 31 to November 22, inclusive.

The controlled elk hunt in the Lewis and Clark valley was extended to run from November 28 through December 31. The areas in Douglas and Hood River counties to be included in the either-sex deer season were reduced. Changes were made in the boundaries of the Mt. Emily and McDonald Forest archery areas.

State-wide upland game seasons remain the same except for a reduction in the length of the season in Klamath county and a reduction in the sage grouse limit.

Trapping regulations remain the same except for a slight change in the beaver trapping area in Linn county. All changes made in the tentatively adopted regulations published two weeks ago are listed below.
