### OUR DEMOCRACY—by Mat

#### MAKING THE MOST OF IT

AS AMERICA HAS DEVELOPED, WE HAVE STEADILY INCREASED OUR FACILITIES FOR RECREATION AND THE TIME FOR THEIR ENJOYMENT. THE RECORD SHOWS WE ARE USING THIS LEISURE FOR—

THE THRIFT OF AMERICAN FAMILIES, THE MONEY THEY PUT ASIDE IN LIFE INSURANCE AND SAVINGS, GIVES THEM GREATER FREEDOM TO ENJOY CONSTRUCTIVELY THE LEISURE THAT IS PART OF OUR NATIONAL LIFE.

#### Locating Hunters in Field Tough Job for Officers

"I have to get in touch with my husband—he's hunting somewhere in Harney county. Will you help?" This is a typical request put to state police officers and field employees of the Oregon State Game Commission during the hunting season. Often information is even less specific and the police are asked to find a person hunting in "eastern Oregon."

The state police and game commission realize that at times it is absolutely necessary to contact a person on a hunting trip and are glad to assist in locating the party. The task would be simplified if persons making such requests could supply information such as is outlined below.

Information desired to facilitate locating a person includes the person's name; address; description; make, model, color, and license number of automobile; name of camp site and the name of the nearest post office or town. In some cases, all of this information will not be available, but the more that can be supplied, the better the chance to find the party.

Captain Bert Walker, chief of game law enforcement for the Oregon State Police, comments, "The work of the men in the field in locating hunters would be much more efficient if each person would leave information at home regarding his proposed whereabouts."

In Africa a man can't hold office until he has shot a rhinoceros. Over here voters consider a man qualified if he can shoot the bull.

Lots of open minds need to be closed for repairs.
