From where I sit... by Joe Marsh

Modern Art Takes a Licking!

Did you know we had a real artist in town? Yes sir! Handy Jackson was a contributor to the Sculpture Exhibition at the Centerville Fair last week. His work was streaky pink and curved all around—sort of streamlined. Caused quite a stir. Nobody was sure what it was supposed to represent, but some liked it and thought it was good art. Handy gave me the lowdown: "Why, it was nothing but a piece of cattle salt our cows have been lickin' at for months. I just had it mounted. Fooled a

lot of folks—one fellow even wanted to buy it!" From where I sit, Handy's "modern art" just shows how some people can be led astray. Some even get to be "experts"—especially about the other fellow's business. Whether it's art or music, or a simple thing like choosing, say, beer or milk with a snack, we should live and let live. There's no call for either of us to set ourselves up as a "model" for the other!
