 At the regular city council meeting held October 13, the second Tuesday of each month, at the Detroit school, councilman Jake Fischer was appointed by Mayor Archie Mattoon to serve as water commissioner for the City of Detroit.

Fischer's charge will be the newly purchased municipal owned water system; a utility originally built by the U. S. Corps of Engineers to supply the Detroit school and telephone company.

Initial billing for use of water to consumers from the system will go out Nov. 1st, when the October bills will be mailed. Water rates previously passed by the city council are as follows: residential \$4; commercial \$5, and \$2 per rented unit for apartments, hotel, trailer or cabin use.

Other business transacted at the meeting was a vote by the city council for the city of Detroit, to pay their share of civil defense. The district quota for the four incorporated towns of Idanha, Detroit, Gates and Mill City, is \$190, of which each share is \$47.50 for the fiscal year 1953-54.

The group also discussed streets in Detroit, and it was announced that a bid on a Corps of Engineers surplus property fire trucks was lost. At a recent meeting councilman John Estey was appointed city building commissioner.

The next council meeting will be held Tuesday, November 10 at 8 p.m. at Detroit school. Notices of the meeting will be posted in the usual public places.

The annual carnival sponsored by the entire student body of Detroit school, will be held Friday, November 6 in the school gym. The time will be announced later. Prizes, games, food and fun for all is on the agenda. Proceeds will be used for classroom activities.

The community has some new neighbors who moved here recently from Ketchikan, Alaska. They are Mr. and Mrs. W. R. Selfridge who are long time friends of Gates Cochran. The Selfridges are making their home at the Cochran addition known as the old three C camp. Mrs. Selfridge stated her husband was here when the Hoover mill burned down and that he met Mr. Cochran in 1908 or 9 and they corresponded down through the years. The Selfridges have made their home in Alaska since 1925, where Mr. Selfridge worked as a logger and boatman. They own their own boat which was a motor sailing troller and later was a charter boat. The boat is now docked at Seattle and is for sale. Mrs. Selfridge stated they sold their home in Ketchikan, that they like it here, and expect to make their permanent home here. Mr. Selfridge is interested in the logging business.

**A LOOK INTO THE FUTURE**  
 Meet John and Mary Smith—and their child.  
 See the pride and hope, the faith and love that shine like soft lights from the little girl's face? See the look of the future in her eyes?  
 Nothing in all the world could cause that reflection of happiness and contentment but a well-behaved child. Perhaps she has just spoken a piece. Perhaps she was singing a song. Perhaps she is playing with her small brother and sister.  
 But whatever she is doing, you will agree it is the result of wise and loving guidance. And you can be certain there is another member of the family not shown in the picture—the guide and Father of all of them.  
 Where parents and the Church work together for God, you will find true happiness.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**  
 The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
