THE FAITH OF A CHILD

Are you one of the millions who think wistfully of the faith of a child and wish they could believe so implicitly?

And are you also one of those who have assumed that it's impossible to go back to religion, once one has drifted away?

Wait! What accounts for the faith of a child?

A child wants to believe! That's the first step. The first step for YOU too . . .

And a child is taught to believe! That's the next step. Start attending Church next Sunday . . .

And a child practices believing. That's the final step, and it begins the continuing adventure of faith.

It is that final step that looks so hard. But how easily and naturally it comes . . . after we have taken the first two!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
