## DETROIT

By Boots Champion

Your volunteer service for Saturday and Sunday of this week is being requested by the City of Detroit to dig a ditch, and install a concrete culvert, on the Detroit road, across from the city lot.

The search for the old culvert installed there by the BPR has been in vain, and it is thought that time and labor can be saved by installing another one. This particular area has been troublesome in the past, and the city is anxious to get this job done before the water begins to cascade there again. Don't forget to bring picks and shovels.

At the regular PTA meeting held Thursday evening at the Detroit school, plans were made to raise money for the landscaping of the school grounds, now in progress. Chairmen for the food sales to be held in Idanha and Detroit, October 29th are Mrs. Marion Kite and Mrs. Mary Gulliford of Idanha.

Mrs. Edna Gordon heads the committee for a "jitney" dinner scheduled for November 19th at 6 p. m. at the school cafeteria. The food donated by the mothers will be served for \$5 a plate. A movie is planned for December 3rd of which the proceeds will be added to the landscaping fund. At the "jitney" dinner, William Fryer will show slides from his work at a mission in New Zealand, from which he recently returned. Guest speaker at the meeting was Dr. S. D. Miles

the cathartic habit

TOO MANY PEOPLE are influenced by stories concerning "intestinal cleanliness" or "stimulating the flow of bile." Many cases of simple constipation do not require a laxative at all, but only a minor change in diet and habit.

The habitual use of cathartics is dangerous. Such misuse is often followed by chronic ill health. Strong laxatives are particularly dangerous when taken to relieve abdominal distress. The source of the pain should always be accurately determined by your physician. The safe procedure is to consult him. If a laxative is needed, he will prescribe a safe preparation with proper instructions for dosage. Then bring your prescription to us for expert compounding.
