Five Good Reasons

WHY YOU SHOULD COMPARE OUR
T. V. BEFORE YOU BUY

(ONE) CHOICE

We carry the famous Philco line of Television sets, with three different size chassis and the largest selection of any make on the market—A size or price to fit anyone's pocketbook!

(TWO) PERFORMANCE

We have the only set with the new Deep Dimension Picture, in the Philco HF-200 chassis. This chassis and 190 Golden Grid can't be beat in a fringe area.

(THREE) SERVICE

We are the only T. V. and Radio Dealer in the Canyon with our own Service Department to back up our sales. J. B. Hyden, our service man, has had 30 years radio experience and four years T. V. service experience in the Oakland, California area before coming up here. We have both been trained by Philco factory instructors in the proper methods of servicing their sets.

(FOUR) QUALITY

Philco uses only the highest quality parts throughout—such as condensers hermetically sealed in bakelite cases. In contrast, to most makes, whose condensers are paper wrapped. This alone will cut down on service.

(FIVE) LOCAL

We are a local enterprise helping to make your community grow. So before you buy in haste—check with us for Television. "Your FIRST T. V.—Dealer in the Canyon."
