Conversions are quickly fitted to the Ford Pickup's four corner-post stake pockets! Conversions available include solid-board racks, passenger carrier units, various canopy tops, special equipment racks and compartments, stock racks, etc. Strong new bolted-construction Pickup box has rigid tailgate to support heavy loads without bending or twisting.

World's most powerful Pickup has the stamina for a thousand jobs

The famous Ford Truck V-8 engine, now 106 h.p., makes the new Ford Pickup the most powerful on the road.

The new Ford Pickup is so rugged it does many jobs that you might think only heavier trucks could handle. Some of these jobs are shown here. Manufacturers of bodies and equipment offer scores of "conversions" made especially for the Ford Pickup.

And because new Ford Pickup sales are soaring, your Ford Dealer can now give you an extra-generous trade-in allowance on your old truck. So, drive in! See him today!

Ford F-100 Pickup, G. V. W., 4,800 lbs. V-8 or Six, Deluxe Cab (extra cost) shown.

FORD ECONOMY TRUCKS

Dump conversion turns Ford Pickup into powered hydraulic dump truck. Mount does not increase loading height. Dumps heaviest loads a Pickup can handle.

Coach unit provides living quarters for three adults. Has built-in galley, dinette, cupboards, closet. Fine for vacationers, pipeline crews, range work on ranch.

Hydraulic tailgate lifts 1,000 lbs., simplifies handling heavy items. Operates from single control at tailgate. Uses engine-mounted gear type hydraulic pump.

Utility bodies provide racks and compartments for tools and equipment. Many types available for plumbers, electricians, maintenance crews, builders, landscapers, painters, contractors.
