*what is a drug store?*

THE DRUG STORE is but one unit in a complex pattern of businesses and professions, all of which serve the needs of the community. But it is unique in that pharmacy is both a business and a profession.

A business built on service to the sick cannot be restricted to usual "business hours." The need for medicine and sickroom supplies is usually immediate and urgent. In times of widespread illness, the twenty-four-hour day seems all too short. We are ready, day or night, to serve the pharmaceutical needs of the community.
