This is the tremendously popular Hospital, Surgical and Nursing Plan. It now protects thousands and thousands of individuals and families. If you and your family are not protected under this Plan you may learn how it may be available to you if you qualify.

Plan "B"

- * They Are a Safeguard Against Government Control of Hospitals and Doctors: Socialized medicine is unnecessary for you when your and your family are protected under National Benefit Plans.
- * Hospital and Medical Care Has Become Tremendously Expensive: If you or a member of your family has been recently hospitalized and has had expensive medical or surgical care you know the importance of a National Benefit Plan to prepay cost of this necessary but expensive care.
- * One Person Out of Every Two Families Will Be a Hospital Patient This Year: The advanced medical techniques and the ultra modern hospital facilities are being used now more than ever to safeguard health and prolong life. If you or a member of your family takes sick or meets with an accident, you too, may become a hospital patient. And 6 of every 10 hospital patients require expensive surgical operations.
- * You May Prepay Expensive Hospital Surgical, Med. & Nursing Care at Low Cost: National Benefit Plans are low. You will be surprised at the small monthly deposits to keep them in force to protect you and your family.

IF YOU ALREADY HAVE A PLAN, HAVE YOU ENOUGH PROTECTION?

You possibly now have a National Benefit Hospital and Surgical, Plan or you may have some other Plan, or be protected through your employment in group Plan of some kind. GET A MEDICAL PLAN, TOO! REMEMBER: National Benefit pays benefits direct to you, or to the hospital or doctor as you direct. Benefits are NEVER prorated or reduced on account of any other protection you may have or any payments you receive from any other source. A low cost National Benefit Plan will give you the protection you need.
