## 1/2 Billion Dollar Man

He's not just one person but a symbol of many people in the past and in the present. He is Mr. Manufacturers Life—the sum of all the men who have represented the Company since it was organized in 1887. He is the man who for more than 66 years has shown his fellow citizens how Manufacturers Life policies can provide a sure way to protect their families and to save for the future. He is the man who helped arrange Life Insurance contracts that have paid benefits of over \$500,000,000.

The Manufacturers Life's 67th Annual Report reveals that during 1953 alone the benefits paid to policyholders and the families of those who died reached a record total of \$30,179,781. Assets of the Company also passed the 1/2 billion figure during the year and now total \$540,282,970. A record volume of \$245,143,512 of new insurance was purchased by over 39,000 clients in 1953. Total Insurance and retirement protection in force is \$1,744,984,094. Contingency Reserve and Surplus now amount to \$33,583,296 and Liabilities, including Capital, total \$506,699,674.

During 1953 the Manufacturers Life completed an eleven story addition to its Head Office. The new building incorporates many time saving features to speed the flow of service to an ever increasing number of policyholders.
