A couple of young boy hitchhikers, gave their benefactors the bum's rush when they arrived in Detroit Tuesday evening. The young fellows ages about 12-13 were picked up by Jerry Myers, and Miss Baker last Tuesday evening, east of the Maples. The boys said they were from Stayton and were on their way to visit an aunt, Martha Douglas, who lived in Idanha.

On arriving in Detroit, Miss Baker entered the Lake to telephone authorities. A deputy happened to be there. In the meantime the boys told Myers they had to go to a rest room and immediately hit for the tall timber across the street. A search for them went on through the night, but no boys. The next morning the paper man found two boys sitting on the porch of an Idanha store at 6 a. m. When asked what they were doing there, they replied they were waiting for the store to open. No doubt they were our elusive boys. About two years ago, a Mary Douglas resided in Idanha.

Maybe they were telling the truth after all.

Weekend visitors at the Lee Howland home was Mrs. Howlands brother-in-law and sister, the Cecil Vedito's and children, Marion and Jimmy of Springfield.

Successful is the man who can get plenty of money without letting money get him.

It is a safe bet that the man who is around asking for sympathy will make bad use of it.
