From where I sit... by Joe Marsh

The "Write" Prescription

Noticed three half-finished letters lying on the counter down at Jones' Drug Store last week. "Writing three at once, Doc?" I asked.

"No," Doc said, "you are—you and the rest of the town. Those are for the boys from our town who are at the National Guard encampment."

"Everyone who comes in adds a line or two, and when a couple of pages are filled, I mail them. That way the boys hear from folks who might not write otherwise. They sure do enjoy it."

From where I sit, little things can add up pretty big. A few short notes make a letter. Boys from our little town help build up a strong National Guard to protect our freedom. Even freedom is made up of a lot of things—living where we like, voting the way we think is right, choosing between coffee, tea, or beer at dinner. And anything that adds up to freedom gets my stamp of approval.
