SPRING TOOTH
HARROW**

The Co-op Black Hawk Spring Harrow is a real money-saving value. A highly practical tool for many profitable practices—such as preparing seed beds, controlling weeds, cultivating meadows, orchards, pastures and renovating old alfalfa stands. The strong frame—curved upwards—in made of durable high carbon steel angles. Long-lasting, tough spring steel teeth are attached to 1 11/16-inch pipe with malleable clamps which prevent slipping. Separate sections are hinged to each other for uniform penetration in level or uneven ground. Sturdy construction, efficient design means better work with a Co-op Black Hawk Spring Tooth Harrow for years to come. Available in 2, 3 and 4 sections.
