MILL CITY HI-LIGHTS

Harold Kliever Junior
This past week was full of excitement because of the game with Amity. Friday we held a Student Body meeting which was devoted almost entirely to pepping up the kids for the game. The Band played several numbers and everyone joined in singing the songs. Speeches were made by some of the varsity players. One outstanding speech was made by Coach Jim Hale, who told us how good the team was this year and how full of pep the team was. He also pointed out that all of the team was working together and that when a touchdown was made there was no jealousy shown. He said the team this year was one of the best.

Mr. Means reported that there was a possible chance of having dancing lessons at the school. The reason for such small crowds at the dances is because many of the students do not know how to dance.

Another announcement was that the lettermen are starting a scrap drive to raise money for the student body and for the Lettermen's club. They started their drive Saturday.
