

Gates Women Start Work on Centennial Plan

GATES—Many of the Gates women are making their Centennial dresses, something which cannot be accomplished on a DAY! Patterns have been very scarce, stores cannot seem to stock them, so some borrowing is being done. Most call for 10 to 12 yards of material, plus a few trimmings, which can be had for around \$3 and on up to any amount one might wish to spend. Most figure it will be a pretty good investment, as the outfit can be worn many times during the Anniversary year.

The first Gates affair will be a benefit coffee given by the Gates Camp Fire girls at the William Pennick home February 12. The young hostesses will be in costume, and room decorations and the food will carry out the Centennial theme. The Gates Women's club will have a Centennial coffee and an exhibit of antiques at their clubhouse a little later. These coffees are open to everyone, and anyone wishing to bring an antique to show at the clubhouse is welcome. Between the sack, the chemise and the full skirted Centennial gowns, we vote for the latter to draw the most smiles (something we need more of!), and should be a pretty complement to those men sporting beards, which are getting more prominent each week.

Social Security Information Given Farmers

January 31, 1959 is an important date to farm operators and domestic employees who have hired help in 1958, according to Ben Nichols, Field Representative of the Salem social security office. If your employee meets the tests below, you must file a report of his earnings with the District Director of Internal Revenue, Portland, by January 31, 1959.

Test No. 1 includes all agricultural workers who were paid \$150 or more in CASH wages during 1958, whether they were paid on a time, piece work or other basis.

Test No. 2 includes those who worked on 20 or more days for the same farmer during 1958 and were paid cash wages on a time worked basis. In this situation all cash wages are reported regardless of amount.

Test No. 3 concerns domestic employees. Their work is covered if they earned \$50 or more from one employer in a calendar quarter. However, if this domestic employment is in a farm home and the farm is operated for profit, then the employee is considered a farm employee and comes under Test 1 and 2.

Mr. Nichols advises employers to carefully prepare these reports so that names, social security numbers and wages are reported correctly. This will assure the worker of getting proper credit for his work.

Co. Health Dept. To Start Area-Wide Project

The Marion County Health department announced today the undertaking of a cooperative community-wide project aimed at learning how well people are protecting themselves against preventable diseases. This is one of four projects adopted by the department's Health Education committee. It is generally recognized that everyone is individually responsible for keeping himself protected against communicable diseases. This survey will tell us how well we are doing as a community. One point commonly overlooked is that adults too need continued protection against diphtheria and tetanus.

Dr. Willard Stone, Health Officer for the City of Salem and Marion county expressed deep concern about the large numbers of adults who have had NO protection against polio. By starting now it is possible to complete three injections, and gain protection before the next polio season in the late fall of 1959. There has been recent public discussion about the need for a possible fourth injection. This is still very much in the speculative phase, and there has been no official announcement as to when the fourth dose should be given.

Dr. Stone pointed out that the urgent need is still to have as many people as possible receive the three initial injections.

National figures indicate that preschool children and adults past the age of 20 have not been protected in sufficient numbers.

With "Marching Mothers for Polio" volunteering their services, it will be possible to do a County-wide survey at the time they do their house-to-house march on the evening of January 29th. Dr. Stone expressed the wish that everyone cooperate with the "Marching Mothers" to fight polio because of the fine public service they will be rendering. From the results of the survey it will be possible to concentrate efforts in Community Health Education programs.

No names or addresses are necessary in a survey of this kind. The only information needed is to learn whether or not you have had your Salk vaccine, and into which of three age groups you belong. These are: under 6 years; 6 to 20; and over 20 years.

FOX VALLEY

Mrs. J. H. Johnston

Mrs. Floyd Bassett entertained for the ladies card club in her home Wednesday afternoon.

Mrs. Ethel Thayer with her daughter, Mrs. Hugh Johnston were Salem shoppers Wednesday.

The local Home Extension unit club members held an all-day meeting Thursday. A talk on fabrics and explanations of their care and use was quite interesting. Some very helpful suggestions and ideas were presented.

Mr. and Mrs. Gordon Scarbrough and three children, Marilyn, Larry and Stewart of Myrtle Creek were Sunday and Monday visitors with the J. H. and Hugh Johnstons. Mrs. Scarbrough will be remembered as Betty Humphreys, formerly of Fox Valley. The Humphreys' home is now occupied by the Marshall Powells.

Mr. and Mrs. Everett Parson were Salem and Hubbard visitors Friday evening.

Lawrence Thayer and children were weekend visitors here with his mother, Ethel Thayer.

(Written for LastWeek)

Mrs. Maude Davis of Gates was a Thursday afternoon caller at the home of Mr. and Mrs. Jack Johnston.

Mrs. Inez Ring is spending some time in Albany at the home of her nephew, Dr. Rolland Martin. She is there for medical attention.

Mrs. E. A. Parson and little daughter were Aumsville visitors Wednesday afternoon. They called on Mrs. Bartoze.

Several new cases of mumps have been reported in this vicinity. Also some three-day measles. This mild January weather isn't too bad a time for youngsters to have these diseases which seem to go through the country and schools about every year.

Mr. and Mrs. Jack Johnston were Mill City business callers Monday.

It is understood that Simpson Logging Co., has added a Saturday two-shift work day, beginning Saturday, January 17. This gives the employees six days work per week.

Mr. and Mrs. Everett Parson and four children were Hubbard visitors Saturday evening. They went to see George Parson.

School Play Gets Long Postponement

Last Saturday night was the night that crowds should have been turned away from the smash hit of Mill City's theatrical season. It wasn't; they weren't.

The story behind it all is that since October the junior class of Santiam, under the direction of Don Paul, drama director, has been rehearsing a play "Rest Assured." As this was an extra-curricular activity, all rehearsals had to be held in the evening, and the pressure of other events, plus necessary homework, made it difficult for the students to get the play ready in time for the first scheduled date—December 5 and 6.

Another date was therefore set: January 9 and 10. By diligent study over the Christmas vacation, the juniors started school again in January, this time line perfect. The only difficulty was that Bob Gordon, who had been cast in the leading role, had been too hospitable to a mumps virus, and was now fit only for the part of the August moon gazing over the tea house.

Another date was therefore set: January 23 and 24. By diligent study during the interval the juniors now practically knew their lines backwards, but backwards or forwards it was no use. Bob suffered a relapse, and the doctor advised against his taking too strenuous a part in activities on his return to school.

So another date has therefore been set; this time early October, in the next school year.

Mr. Paul, the director, said "I'm particularly sorry we had to postpone it, as it was a good script, exceedingly funny, and the cast put a lot of time and work into it. But we'll give it next October, without fail, and I can promise everyone it'll be one of the best high school plays ever seen here."

Disappointed students were: Bob Gordon, Bill Puzman, Jerry Johnson, Vernon Johnson, Jerry Tucker, Ed Hirte, Marla McWhirk, Betty Dunbar, Sandra Thomas, Sandra Harris, Sharon Hirte, Aloha Thomas, Viola Derrick and Dorman Gregory.

The Mill City Garden club will meet Thursday, February 5 at 1 o'clock at the home of Mrs. Curtis Cline with Mrs. Harvey Tolbert as co-hostess. Members are reminded to bring an apron for the apron sale February 15.
