

How to add years  
to your life

**100**

100 years ago the average American could expect to live about 40 years. Today—about 70. Modern sanitation, diet, drugs and medical practice have added 30 years to our life span. And note that 70 is *average*. Many die sooner. Many live longer. You *up* your chances of being a "longer" if you eat properly and get proper medical care. This means periodic check-ups by your physician. As pharmacists we are pleased to help by supplying the drugs your doctor prescribes—drugs unknown a century ago. We're so conscious of the effectiveness of modern medicine that we're shooting for a life span of 100 years.

How about you?

Each year there are four events which are more or less traditional: the Freshman-eighth grade party, the Sweetheart's Ball, the Junior Prom and Senior Skip Day. The Freshman-eighth grade party was held just recently in the gym. Using lots of imagination and little money, the Frosh managed to decorate the gym in fine style, with crepe paper streamers and covered umbrellas, perfect for "April Showers."

The Sweetheart's ball, sponsored by the Sophomores, has gone by with all its hustle and bustle. Now in turn the Junior Prom, to be held April 18, gets its usual buildup. Everyone is eagerly searching for dates and all the girls are spending tons of money on new dresses—you didn't think they'd wear the same old ones, did you? Everyone is trying to guess what the theme will be from the invitations, but try as they may, the Juniors only sit around and look like a cat that swallowed a canary. (May-be they did!—New fad: how many canaries can you stuff into a junior?) And then—the Senior Skip Day, the last big fling before they are tossed into the cold, cruel world. All the Seniors are looking forward to this—the time of their lives!

On April 25 the Interscholar dance will be held in Stayton. The schools belonging to the Marion County "B" League are all invited to this gala affair. And it is sure that all who attend will have a wonderful time.

Shereen Muir and Rodney Schaar have been selected to receive the honor of being Girl and Boy of the Month for March. We extend the heartiest congratulations to Shereen and Rod.

The Teen-age Committee planned and sponsored a wiener roast out at the state park Friday night. If you have ever gone to a wiener roast in the dark you know how much fun it can be. Everyone sounded like hoot owls: "Who, who—are you?"

Ten Seniors took the Civil Service Exam last week in the first step toward summer employment. Each of the 10 applicants hopes that he did a good job on the test.

Only one more six weeks period left. Students want school to be out yet for the Seniors, graduation approaches too fast. All too soon they will have to don the mantle of adulthood.

joyed fishing at Yachats and Newport. Enroute home they visited at the home of her sister at Depoe Bay.
