MEHAMA

By Mrs. John Teeters
 The Rev. James Hardy and B. L. Kirsch went to Waldport last Tuesday to attend the meeting of the Willamette Presbytery that was held there.

A meeting of the church elders and the Christian education committee was held in the Fellowship rooms of the Mehama Community Presbyterian church Saturday evening, September 26. Burton Alvin, director of Christian Education for the Synod of Oregon, was present at the meeting to discuss the role of the session and the Christian education committee in the church work.

A. C. and Mrs. Richard Garland, who have been spending a leave visiting Mrs. Garland's parents, the Tom Rices, left Friday for Great Falls, Mont., where he is stationed with the Air Force.

Mr. and Mrs. William Longfellow visited a couple of days last week with the Chris McDonalds at Tumalo. Preschool classes started here Tuesday, September 22 with an enrollment of 18. The classes are held on Tuesday and Friday mornings in the church basement with Mrs. James Hardy as teacher.

The pre-school mothers held a short meeting following classes Friday morning and decided to hold two food sales during the year. The first sale will be held Saturday, October 31 and will feature home made Halloween "Trick or Treats."

Mr. and Mrs. Eugene Manock and two children of Salem were Friday night and Saturday morning guests at the Manse with the Rev. and Mrs. James Hardy and family.

The Allen C. McDonalds of Monterey, Calif., are announcing the birth of a son on September 21. The baby weighed 7 pounds lounce and was named Christian Emery. Maternal grandparents are Mr. and Mrs. Boyd E. Norton, Stayton Rt. 1, and patern-

al grandparents are Mr. and Mrs. Chris McDonald formerly of Mehama and now of Tumalo. The Allen McDonalds are in Monterey while he is attending Army Language school.

Visitors at the Frank Buckler home last Wednesday were Mr. Buckler's sister and brother-in-law, Mr. and Mrs. R. H. Niemyer of Salem.

Mr. and Mrs. Perry Shelton and two children of Salem visited here Sunday afternoon.

Mr. and Mrs. Raymond Branch were called to Babbitt, Nev., the first of the week by the death of Mr. Branch's sister, Mrs. Darrell King, Mrs. King, who visited here earlier this summer has been in poor health for some time.

Garry Rice, son of Mr. and Mrs. Tom Rice spent several days last week in Santiam Memorial hospital for rest and treatment.

Sunday guests at the Charles Crook home were Mr. and Mrs. Ted Jacoby of Stayton and Mr. and Mrs. Robert Crook and daughters, Barbara and Alyson of Mill City.

Lyons Extension Unit Observes Rally Day

LYONS—The Lyons Extension unit observed their Rally day and first meeting of fall Thursday with their meeting held in the basement of the Lyons Methodist church. A pot luck dinner was served at noon. A short business session was held with Kay Lindemann presiding. Chairmen of the following standing committees were appointed. Membership, Rev. Ruth Cotton and Gypsy Weaver; luncheon, Eleanor LaMunyan; ACWW, Alta Bodeker; Health and Safety, Alma Olmstead.

The October meeting will be held Thursday, October 22, and subject of the day will be "Make Mine Pie." The leaders will be Gypsy Weaver and Kathleen Manning. Special events for October will be the District IV meeting in Albany, October 11-14; Na-

Santiam Ripples

By Sharon Whitsett
 Monday night the Student Council was hard at work as they held their workshop in which they learn parliamentary procedure. It was continued during activity period the next two days.

"Uncle Ernie" Franklin, who was having a revival at the Free Methodist church, paid a visit to the high school. He talked about football and was very interesting.

We were also visited by a Mongolian Mousehound named Fox. He is JoAnn Challender's dog. He went to all morning classes with JoAnn. She took him home at noon.

Friday night a "wild" slumber party was held at the Challender house. It wasn't really wild; we slept two whole hours. We ate all night, then got up and went to Whitsett's house for breakfast. The following girls attended: JuDee Logan, JoAnn Challender, Sandy Harris, Leatta McCall, Marcia Barnhardt, Janice Novak, nd Shraon Whitsett. We all had a "blast."

The yell leaders are "sneaky" as they arranged a surprise send-off for the football boys Saturday. About 30 girls came out to cheer for the boys, with a sign and all. Our efforts were profitable; we won 12 to 0. There were six of us at the game and we out-yelled, or almost out-yelled, the Siletz cheering section. It really was exciting to watch 22 boys wallowing in the mud.

The magazine subscription drive at high school is coming up soon.

tional Home Extension Council in Portland, October 23; County-wide planning meeting, and recreation workshop.

QUIET REVOLUTION! ON DISPLAY FRIDAY! HOORAY! SMALL WONDER!

CORVAIR BY CHEVROLET! SMALL MIRACLE! THREE COMPACT CHEERS! FRIDAY!

FRIDAY! ASTONISHING! NOTHING LIKE IT! CORVAIR! SMALL MIRACLE! FRIDAY!

THE REVOLUTIONARY Corvair

BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

America's only car with an airplane-type horizontal engine! America's only car with independent suspension at all 4 wheels! America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair.

The product of nine years of research and development at the auto industry's most advanced facilities, it's America's first truly compact, economical car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's first and only modern rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

By putting the engine in the rear, Chevrolet has made the floor practically flat, front and rear. There's plenty of foot room for everybody, including the passengers in the middle.

Shifting engine weight to the rear also makes for smoother, easier compact car handling and gives glued-to-the-road traction on ice, mud or snow.

Corvair's size—some 5 inches lower, 2 1/4 feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular (a real magician on mileage). And, because the

engine's air-cooled, you never have to fuss with antifreeze, you get quicker warmup with less wear on parts even on the coldest mornings (even heat for passengers comes quicker—almost instantly—from an airplane-type heater*).

Yet, wonderfully practical as all this sounds, you'll find the most practical thing of all about this new Corvair is its remarkably low price. Your

dealer's the man to see for all the short, sweet details.

REVOLUTIONARY TURBO-AIR 6
 Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts.

ONE-PACKAGE POWER TEAM
 Wraps rear engine, transmission and differential together into one compact lightweight unit. Takes less room, leaves you more.

STYLING—PURE AND SIMPLE
 Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

FOLD-DOWN REAR SEAT*
 Works easily, instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

FLAT FLOOR
 Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

UNISTRUT BODY BY FISHER
 Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

UNDER-HOOD LUGGAGE COMPARTMENT
 Trunk's up front (like an elephant's) where it's convenient for groceries, luggage.

4-WHEEL INDEPENDENT SUSPENSION
 There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

*Optional at extra cost
