Dear Editor:
If you please we wish to call your attention to a petition in the County Clerk's office signed by 200 good class, mostly property owners, against whose desires we do not wish to run counter.

The petition concerns the paving of a short piece of a north-south road so near to the little town of Rock Creek is ruined, as well as some contiguous territory. This (the town really part of Mill City) is headquarters for eleven mile Rock Creek that will always be covered with timber and tourists. This short piece of road is traveled by passenger cars, mail car, school buses and logging trucks, all of which calls for a smooth, dustless road as per wished by Boards of health.

We hope the Linn County officials in Albany can see eye to eye with the 200 good signers.
Respectfully Yours
FRANK VANCAMP, et al.
