Here's what PP&L customer Mrs. William A. Gilmore says about electric living...

"Living's more fun when you use electricity in as many ways as we do"

"It's wonderful to be able to depend on electricity for so many different things. We keep our electric appliances busy doing everything from laundry and dishwashing to freezing ice cream. My whole family appreciates the big value we get with electric service."

Like thousands of other Pacific Power & Light customers, Mrs. Gilmore and her family live better because they make generous and effective use of modern electric service.

How about you—are you making full use of Reddy Kilowatt's helpful service?

In the typical U.S. home Reddy works 327 hours per month.

327 KWH

In the average Pacific Powerland home Reddy works 717 hours per month.

717 KWH

In Mrs. Gilmore's home Reddy works 1,880 hours per month.
