Hemorrhoids Cured Painlessly By Non-Surgical Method

The non-surgical, electronic method for treatment of Hemorrhoids (Piles) developed by doctors of the Beal-Oliver Sandy Blvd. Clinic has been so successful and permanent in nature that the following policy is offered their patients: "After all symptoms of Hemorrhoids... have subsided and the patient has been discharged, if he should ever have a recurrence, all further treat-

ments will be given without additional fee." Patients experience little, if any pain. Their treatment requires no hospitalization and does not employ drugs or injections.

Write today for a free, descriptive booklet, yours without obligation: The Beal-Oliver Sandy Blvd. Clinic, Chiropractic Physicians, 2026 N. E. Sandy Blvd., Portland 12, Ore.
