**Work Smarter . .  
Not Harder**

By Bernice Strawn

Inability to make decisions  
consumes time and energy that  
could be spent doing the job  
without wear and tear on you.

Don't let work slow you  
down. 1. Think through your  
resources - time, money, en-  
ergy, skills. 2. Just what is your  
goal? Get this clearly in mind.

3. What are the alternatives?  
Consider the pros and cons of  
each. 4. Take action—choose  
the way you think will meet  
your goal. 5. Follow through  
and if necessary, revise your  
decision. Revision doesn't mean  
you've made a mistake. This is  
a perfectly normal consequence.

Every time you replace in-  
action with action you beat  
down that procrastination habit  
—and grow in pride of ac-  
complishment.

Turkey Time is Here. You can  
buy a frozen turkey already  
stuffed—or without stuffing. But  
there's a difference in the way  
you handle it.

Virginia Weiser, OSU Nutri-  
tionist for the Extension Ser-  
vice, tells you how.

If you buy a frozen turkey,  
already stuffed, cook it without  
thawing. Before cooking, it's all  
right to let it stand overnight  
in the refrigerator, but not at  
room temperature. Once you do  
start roasting the turkey, con-  
tinue until it is finished. Do not  
start it one day and finish it the  
next.

If the frozen turkey is not  
stuffed, thaw it in its own wrap-  
per, in the refrigerator. The  
thawing is more uniform than  
when thawed at room tempera-  
ture. A turkey of 10 to 20  
pounds will take about two to  
three days to thaw in the re-  
frigerator.

For each generous serving of  
roasted whole turkey, allow ¾-  
1 lb. of ready-to-cook weight for  
birds weighing less than 12 lbs.,  
½ to ¾ pound for birds over  
12 pounds. Allow one third to  
one half lb. per person if you

**The Debunker  
BY JOHN HARVEY FURBY PH D**

The popular notion of the an-  
cient dinosaurs that once trod the  
earth in many parts of America is  
that they were enormous monsters  
like the few whose skeletons are  
on exhibition at various museums.  
However, the truth is that many of  
the species were rather small ani-  
mals, some being less than three  
feet long when completely grown  
up. The giants among them have  
been dramatized in our exhibitions,  
and the ordinary and small fella  
have been largely ignored.
