National Field Service Groups Get \$1,000 Award

Mrs. Willard Gabriel, AFS chairman, said that the national AFS organization was the winner of a recent Lane Bryant award. The \$1,000 prize money was directed to the AFS office in New York.

Stephen Galatti accepted the award for the AFS at a luncheon at the Plaza Hotel in New York on November 21. The award was given in recognition of the fine work and dedication of each and every person involved in the AFS program.

The Lane Bryant annual group award for 1962 was given to the AFS for volunteer community service. Lane Bryant gives the awards in memory of its founder in the hope that all will recognize those individuals, "who without thought of personal gain devote themselves to the betterment of the lives of others, wherever and wherever they may be."

a match has a head but no brains

No one should expect anything from a match but a flame. By its careless handling you risk the lives of your family as well as the destruction of your home and the loss of valuable personal property.

Sensible property owners do two things. They make fire prevention a day-by-day habit. They protect what they have from financial loss by insuring against the peril of fire with a qualified insurance representative. See this agency today, tomorrow may be too late.
