Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with its astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dynes)—discovery of a world-famous research Institute. This substance is now available in suppository or ointment form called Preparation H®. The DEBUNKER

By John Harvey Farbay, Ph.D.

Plum puddings are made of suet, raisins, currants, flour and various spices. There are no plums. Almost any steamed pudding or dark fruit cake may be called plum pudding. Especially rich ones are traditional at Thanksgiving and Christmas, when they are served with a sauce. They are usually steamed before being served. Plum puddings were a favorite dessert among the early American Colonists, and are still served occasionally in most American homes.
