Chevrolet will go to any length to make you happy

Things have changed a lot since a Chevy was only a Chevy. Especially your ideas of what you want a Chevy to be. So now you have the Jet-smooth Chevrolet—17 1/2 feet of pure luxury, bumper to bumper. The size makes it a luxury car. But not the price. Or you can choose the thrifty Chevy II, a 15 1/2-foot family car with all kinds of passenger and luggage space. This year, your choice might be the new 16-foot-plus Chevelle, sized to fit nicely between Chevy-

and Chevy II (and between parking meters, with five whole feet left over). Then, too, there's the sporty 15-foot Corvair, so right for so many people (you girls, in particular) that we've never touched an inch of it. And finally, Corvette—still 14 1/2 feet and still too much for any true sports-car lover to say no to. The long and short of it is, you don't have to go to any length to find exactly the kind of car you want. Just see the five different lines of cars at your Chevrolet dealer's.
