

**"YOUR U. S. BANKER HAS THE ANSWER"**

**SHOULD I HAVE A SAFE DEPOSIT BOX?**

The above question compares with asking, "should I have fire and theft insurance" . . . with one important exception. A safe deposit box costs less than any other form of comparable protection. Rental for an entire year averages little more than one penny a day. What belongs in a safe deposit box? Anything of a small but valuable nature—and all important papers. Deeds, titles, birth certificates, insurance policies, wills and diplomas—just to name a few. Boxes are available in several sizes. Incidentally, each U. S. Bank safe deposit box has double lock protection. It requires your key and the bank's key operating jointly to open the box.

Ask about low-cost safe deposit protection the next time you visit the bank—another service of full service U. S. National.

**Free Group Therapy Available for Those Who Wish to Quit Smoking**

A five-evening group therapy course will be offered free for those in the community who wish to quit smoking, starting at 7:30 p. m. Sunday evening, October 24 at Santiam high school.

The five-day plan to stop smoking consists of group therapy, lectures, films and a daily personal control book let given each participant, enabling him to easily follow the plan while at work. The five-day plan is not a religious program and is brought as a public service to Mill City and the North Santiam Valley through the efforts of Mill City Seventh-day Adventist church.

Already successfully held in many eastern cities of the United States, the five-day plan to stop smoking features such topics as the psychological and physical aspects of the habit, how craving can be lessened, how will power can be strengthened, physical effects of smoking, organization of a

buddy system and many other techniques designed to break the habit within a five-day period. Under the direction of Dr. William Moreno of Stayton, the course is a strictly non-denominational free community service. For smokers who wish to become non-smokers, this free five-day plan offers expert help.

A feature will be the film "One in 20,000" depicting in full color a lung cancer operation, to be shown Sunday night, the first evening of the therapy session. There will be a moving picture on smoking each evening of the five-day run.

**Widows May Draw Benefits at Age 60**

Several major changes were recently made in the social security law. Under the new law, widow's benefits can be paid in a reduced amount at age 60. If you are a widow, you make take your choice; either take reduced payments at 60 or wait until you are 62 and get the higher rate. If you want to apply for benefits now, visit your social security office. Take with you your late husband's social security number.

For more information about widow's benefits at age 60, ask for a free copy of leaflet No. 5.

**Gov. Hatfield Against Boost Of Rates**

Governor Mark O. Hatfield this week was asked by representatives of publically owned electric utilities operating in Oregon to protest proposed rate increases filed with the Federal Power Commission by the Bonneville Power Administration.

The increases proposed by BPA, filed with the FPC in Washington, D. C. on September 2, would vary from 2.9% for a few large industrial customers to a span of 2% to 6% for the majority of their wholesale customers. The increases are scheduled to go into effect on December 20.

Governor Hatfield personally responded to the unanimous pleas of the REA Cooperatives and People's Utility Districts with the following letter to President LBJ:

October 15, 1965  
The President  
The White House  
Washington 25, D. C.  
Mr. President:

I am writing in the hope that you and Secretary Udall will require the withdrawal of Bonneville Power Administration's rate increase proposed now before the Federal Power Commission.

We have not forgotten that united Pacific Northwest support of Hanford, the Canadian Treaty and the NW-SW Interstate was, in each case, partly predicated on Bonneville's careful implications that success would obviate a rate increase need. Nor have we forgotten the statements of Secretary Udall promising no rate increase. I trust you can understand why we now feel we are being handled unfairly.

Perhaps no one has yet made clear to you, and I do so most respectfully, that the rate increase is simply not needed. The rate increase proposal is premised upon the amortization of federal facilities falling behind schedule for a limited period starting in the year 2020. Yet at present rates the federal facilities will be amortized by 2046; and will be fully operational and will have accumulated more than two billion dollars in surplus revenues.

To increase costs with adverse effect upon virtually every user of electricity in Oregon, upon the specious grounds presented by BPA, would be capricious in the extreme. Certainly this BPA action does not lead to any advance of the Great Society you seek. I urge you to use your vast influence to have Bonneville withdraw its request.

Respectfully yours,  
MARK O. HATFIELD  
Governor

**Teens in Christ Club Officers Named**

The Teens in Christ club officers were installed by Donald Williams, an elder of the First Christian church at a recent meeting. They include Butch Aerni, president; Lindsay Davenport, vice president; and Barbara Roten, secretary-treasurer.

Gary Meuser led the group in a song fest and Earnest Freeman was organist for the installation ceremony.

Debbie Chance was refreshment chairman and Mr. and Mrs. Albin Cooper were devotional and program directors.

After the installation ceremony the club members went to the home of Rev. and Mrs. Jack Meuser for a business meeting and refreshments.

A decorated cake honoring the new officers was made by Mrs. Doris Davenport and was served with the punch. The club will meet again Saturday at 7 p. m. at the church and some activity is planned for the meeting.

**Former Mill City Man Heads 'Frisco Jaycees**

James E. Cooke, former Mill City resident, has been named president-elect of the San Francisco Junior Chamber of Commerce, the Chamber's board of directors announced Saturday.

Cooke, son of Mr. and Mrs. E. D. Cooke, graduated from North Salem High School in 1948, where he was active in public speaking contests and was school correspondent for The Statesman.

He graduated in 1953 from University of Southern California, and began practicing law in 1960. He resides with his wife, Rose Mary, and daughter and son on Amethyst Way in San Francisco.

**Camp Fire Girls Plan To Help Keep City Streets Clean**

The Camp Fire Girls under the leadership of Mrs. Dave Barnhardt held their last meeting at the Lions Club Youth center in the city park Monday evening.

Favors were made for hospital patients and shut-ins. There was also more discussion on the main activity for the year, which is stressing community service. The girls plan on assisting in keeping the city streets clean, doing baby sitting for PTA parents, planting flower beds in the spring and other civic improvement projects.

Officers were elected at an earlier meeting and are: Kathy Ragsdale, president; Melody Barnhardt, vice president; Rebecca Earhart, secretary and Caroline Bassett, treasurer. Others present were Cindy Snyder, Virginia Lankin, Geraldine Wright, Janice Lewellen, Louise Gruver and Rose Gleason.

**Pheasants and Quail Next for Bird Hunters**

Upland bird hunters are reminded by the game commission that ringneck pheasants, valley and mountain quail will be legal targets beginning at 8 a. m. Saturday, October 23. The general season will extend through November 28. The quail season will continue in eastern Oregon through January 6 to run concurrently with the chukar and Hungarian partridge season which will also extend through January 6.

Hunters are urged to check the regulations carefully for bag limits on pheasants. Western Oregon and Klamath County hunters are allowed 2 cock pheasants in the daily bag, 8 imposition. In eastern Oregon (except Klamath County) hunters may take 3 cocks daily, 12 in possession. In Malheur County, one hen is allowed in the daily bag or possession from November 20 through 28.

Quail hunters are allowed a daily bag of 10 quail in the aggregate, 20 in possession. There is no open season on bobwhite quail.

Copies of the upland game bird and waterfowl regulations are available at all license agencies.

**City of Lyons Shows Progress**

By Eva Bressler

LYONS—The little old city of Lyons is on the up and up with considerable building taking place. Permits have been issued to Freres Lumber Company for a new large office building, and to Walter Wells of Stayton who has purchased two lots on Dogwood Street and plans on building two new duplexes, with one to be constructed at the present time. An addition is also being built onto the Santiam Chapel parsonage. The new Canyon Baptist Church is also under construction and cement is being poured at the Cedar Lumber Company mill for the building of a dry kiln.

Two new houses are being built on Franklin street, Mr. and Mrs. Nick Gustafson and Mr. and Mrs. Louis Pemberton. Also Mr. and Mrs. Orval Bilyeu are building a new home near the Albert Stevens home between Lyons and Mehama, and an addition to the Telephone Company building is now underway.

**Lively Discussion Held On Zoning Ordinance**

A lively discussion was held on the proposed new zoning ordinance at the October meeting of the City Council. The ordinance was read in its entirety and discussion was held on the entire ordinance and specific parts. There were about ten townspeople there and members of the City Planning commission as well as council members.

No action was taken on the ordinance at the October meeting. Other council action consisted only of routine business.

**Bob Hill Writes From Hawaii Home**

A letter was received this week from Bob Hill, who with his family, now lives in Hawaii. He said they enjoy living there, but that it had been rather warm, 87 to 88 degrees. However, when this letter was written, October 13, it had cooled off. It got down to 67 degrees one night and "everyone reached for a blanket."

Bob wrote they went out one night to hear a good piano man. When they went, it was perfect weather, but when they left for home, three blocks away, it had poured down rain, flooding the streets, so they followed the custom there of taking off their shoes and socks and going home barefooted.

NOW! A WHOLE NEW SERIES OF ULTRA-LUXURIOUS CHEVROLETS

**'66 CAPRICE**

BY CHEVROLET

Caprice Custom Coupe—with exclusive formal roof line that comes on no other Chevrolet.

Caprice Custom Sedan—with superb new Body by Fisher elegance inside and out.

Caprice Custom Wagon—with fine new look of hardwood paneling on sides and tailgate.

Everything it takes to create a distinguished luxury car has gone into these new Caprices.

Beneath the formal styling elegance that sets the Custom Coupe apart, for instance, you'll find thick wall-to-wall carpeting, comfort-contoured seats and the look of hand-rubbed walnut on the instrument panel, glove compartment and inside door panels. You can order a finely instrumented console, together with new Strato-bucket front seats.

In the Custom Sedan, a new Strato-back front seat is available with bucket-type contours separated by a fold-down

armrest. And in the equally opulent Custom Wagons, offered in 2- or 3-seat models, you can even order carpeting for the cargo area.

Each model rides super Jet-smooth. And for incomparably smooth power, you can specify Chevrolet's advanced Turbo-Jet V8 in either a 396- or 427-cubic-inch version.

The price of it all? Somewhat more than you're used to paying for a Chevrolet. But less, as your dealer will happily confirm—than the select class of fine cars these new Caprices invite comparison with in every detail.

See the new '66 Chevrolet, Chevelle, Chevy II, Corvair & Corvette at your Chevrolet dealer's
