Petersons Join 'Unemployed' Set

Mr. and Mrs. E. S. Peterson, "Pete and Dorothy" to their many friends, this week joined the ranks of the "unemployed"; however it was planned by them and they are looking forward to doing some traveling.

They said they have a lot of fun on their trips and think, if possible, people should do the things they have worked for and envisioned all their life before it is too late.

Pete has been semi-retired since last September from his 24 years of work at Frank Lumber Company. He worked 12 years as a stock yard superintendent in Portland and for 14 years as a clerk with various railroads.

All in all this totals 50 years of work which goes to prove that work doesn't hurt anyone; at least it didn't Pete as he looks at least ten years younger than his age.

His wife, Dorothy, officially retired on Monday after 15 years as clerk in the Lyons Postoffice and two years carrying mail from that office on the rural route.

The youthful looking and attractive Mrs. Peterson has always been a busy person and said she wasn't planning on sitting in a rocking chair just because she has now retired.
