Foreground, Impala Sport Sedan. Background, Camaro Sport Coupe and the Chevelle Malibu Sport Coupe.

Drive the cost of living down, without giving up all this.

Chevrolet's room, ride and price. When *Automotive News* made its annual roominess study, Chevrolet got the most points. It's roomier inside, they reported, than any other American car. The ride is Full Coil suspension smooth. And Chevrolet hardtops and convertibles are still the lowest priced full-size cars of this kind you can buy. **Chevelle's quick size.** It's quick to climb, quick to turn. Other mid-size cars might be like Chevelle, true. But they're not as low priced. And they're not made by Chevrolet with Body by Fisher, GM-developed energy-absorbing steering column, inner fenders and Full Coil suspension. **Camaro's road-hugging stance.** At its price, Camaro is the only sportster to give you wide-stance design. It rides steadier, clings to curves better,

hugs the road closer. It's the roomiest car you can buy. Plus, you get a bigger standard engine.
